DECISIONS OF GOVERNMENT IN REVENUE CASES.

MAY 1891.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
1	1503--P. 27.	3rd	The Deputy Commissioner of the Mysore District.	Appeal No. 205 of 1890—91. *Appellant* .. C. Guru Rao, Pleader, Nanjangud. Petitioner complains against the order of the Deputy Commissioner directing the removal of a verandah in front of his house. 2. The records received from the Deputy Commissioner show that on a complaint that the verandah was erected on Government land encroached upon by Petitioner, an enquiry was held in which Petitioner, who first claimed the land to be his own, subsequently withdrew his claim to it, and simply requested that he might be allowed to retain it till the month of *Magha* 1888, when a marriage was to be celebrated. The concession asked for was granted, but the Petitioner not having removed the building as promised, it was removed by the Amildar. Petitioner now asserts that the land on which the verandah *stood* is his own, and that it should not have been removed. The Government are unable to accept this plea at present. The Petition is dismissed.
2	1502--P. 26.	4th	The Deputy Commissioner of the Mysore District.	Appeal No. 1984 of 1890—91. *Appellant* .. Subbadikshita of Mysore. Petitioner's uncle Vaidyanathadikshita had a Pujari right in the temple of Prasanna Nanjundeswaraswami, the muzarayi allowance for the same being Rs. 3—13—0 per mensem. He died in August 1873, and the right was registered in the name of his widow, Subbamma, who performed the duties through her son-in-law. She died in 1889. Petitioner claimed the office as the son of the undivided brother of the late husband of Subbamma, but the Deputy Commissioner ordered the registry to be made in the name of Subbamma's daughter Gauramma. The appeal is against this order.

Serial No.	Proceedings. No.	Proceedings. Date.	Proceedings. To whom sent.	Subject and Order.
				2. The records show that Petitioner once withdrew his claim to the office stating that as Subbamma obtained her right to the office from her father's side, her daughter Gauramma alone had the right to succeed. But he now asserts that he withdrew his claim because Gauramma's husband promised him some money, which promise he did not fulfil, and that Gauramma has no right to the office, as the right was ancestral and he (Petitioner) an undivided member of the family. *Decision.*—Government do not consider it necessary to go into the origin of the right or into the question whether the family was divided or undivided. Gauramma is the immediate heir of the last holder and the Petitioner himself once admitted her right. The decision of the Deputy Commissioner was therefore confirmed, leaving the Petitioner to establish his right, if any, by a regular suit in a Court of competent jurisdiction.
3	1504—P. 4.	4th	The Deputy Commissioner of the Tumkur District.	Appeal No. 978 of 1890. *Appellant.* *Vs.* *Respondents.* Malayappagauda of Chikkohalli, Tumkur Taluk. — 1. Sangegauda, 2. Badregauda, 3. Balabasavegauda. One Basappa *bin* Bhadregauda applied for a piece of land within the village site on 9th December 1887. 2. The villagers deposed on 16th August 1888 that the land belonged to Government and might be sold. 3. The land was accordingly sold in public auction in September 1888, when the Darkhastdar Basappa purchased it for Rs. 25. The Shekdar who conducted the sale, however, reported that the auction was not well attended and that the land might be resold in auction. On this the Amildar, observing that the land was situated near the Pagoda, enquired whether there was any one who was willing to convert it into a flower garden for Pagoda and for charitable purposes. The Shekdar reported that the Darkhastdar Basappa and Patel Sangegauda were each willing to convert it into a flower garden. While the matter stood thus, one Balegauda claimed the land as belonging to the Pagoda. The Amildar

				reported the matter to the Deputy Commissioner who referred the report to the Assistant Commissioner in charge of the Treasury. The latter officer inspected the locality and reported after enquiry that the land belonged to nobody, but as it was situated in the vicinity of the Pagoda a portion of it might be excluded for the use of the Pagoda and the rest given to the Darkhastdar Basappa. On this, the Deputy Commissioner enquired whether the whole land cannot be given to the Patel after taking from him the price of the land. The Assistant Commissioner said that it might be done. Order was issued accordingly. The Darkhastdar complained again. The Deputy Commissioner finally issued an order on 18th July 1889 to resell the land by public auction and give it to the highest bidder. The land was accordingly put in auction on 10th August 1889 in which Petitioner Malayappagauda purchased it for Rs. 41. Sangegauda, T. Balabasavegauda, and B. Balabasavegauda again claimed the land on the ground that the land belonged to their Pagoda and the Deputy Commissioner issued an order on 12th April 1890 that the land might be given to them on payment of Rs. 41. Petitioner Malayappagauda appeals against this order. *Decision.*—The Government consider that the Petitioner is entitled to have the land, as he purchased it in an auction held after the fact that the land did not belong to the Pagoda was clearly established. At the hearing no arguments have been adduced to show that the land was the property of the Pagoda. The Deputy Commissioner's order, dated 12th April 1890, is therefore cancelled and the purchase of the land by Petitioner confirmed.
4	1561—P. 28.	4th	The Deputy Commissioner of the Mysore District.	Appeal No. 991 of 1890—91. *Appellant.* Vs. *Respondents.* Narnappa of Mandya, Mysore District. — 1. Pattabhiramaiya. 2. Subbaiya. Appellant and Respondents are descendants of 2 brothers and as such are entitled to equal shares. Based upon this right, the Appellant brought a suit for the office of Shanbhog of Guttal. He did not claim the office to himself, but requested that he might be appointed Shan-

				bhog jointly with the 2nd Defendant, the present Barawardar, or allowed to do duties by rotation. The Assistant Commissioner who heard the case dismissed it on the ground that it was barred by the Law of Limitation and this decision was confirmed by the Deputy Commissioner. The appeal is against this decision. 2. It is distinctly proved, and the Assistant Commissioner who heard the case admits, that Plaintiff's father's brother Ramaiya did duties along with the 1st Defendant—the father of the 2nd Defendant—till 1885, when he (1st Defendant) was dismissed, but the Assistant Commissioner observes that since the joint performance of the duties of the office by Ramaiya had not the permission or recognition of Government and as Plaintiff appears to have divided with Ramaiya so far back as 1881, his (Ramaiya's) performance of the duties cannot save the Plaintiff. The Government do not agree in this view. So long as Ramaiya, a member of the Plaintiff's branch of the family, did the duties of the office, whether with or without recognition of Government, Plaintiff had no cause of action against the Defendant. It is possible that Ramaiya paid Plaintiff his share of the emoluments, and if he did not, it was a matter of dispute between him and Plaintiff and not between Plaintiff and Defendant. The case cannot therefore be said to be barred by Law of Limitation. The present suit however must be dismissed, as the relief sought cannot be granted under the existing rules. Neither a joint Shanbhog can be appointed, nor the office allowed to be held by rotation. The suit will accordingly be dismissed without prejudice to the right of Plaintiff to claim the office when a vacancy occurs.
5	1810--P. 45.	12th	The Deputy Commissioner of the Kolar District.	The Deputy Commissioner of Kolar District reported in his letter No. 3599—838, dated 23rd March 1891, that he had, subject to the approval of Government, held in abeyance under the following circumstances an order passed by Mr. Abdul Rahman, his predecessor in office, on 11th July 1890, No. 18, appointing one Srinivasa Rao as Shanbhog of Chikkatammanahalli and 2 other villages in the Gudibanda Sub-Taluk, and had directed that the present Shanbhog Sinappa appointed in the year 1882, should continue as long as he is capable of serving in the office. 2. The circumstances of the case were that in the year 1879 Narasimmaiya, the Registered

				Shanbhog of the above villages having absented himself without leave, he was suspended and a stranger named Venkatanarnappa was appointed to act for him by order of the then Deputy Commissioner No. 393, dated 24th November 1879; in 1880 the registered holder having pleaded his inability to discharge the duties of the office by relinquishing his claim to it except to the Inam land, the acting incumbent was directed to continue in office on probation; but at the request of the latter, his brother Sinappa was appointed in his place on probation by order of the Deputy Commissioner No. 253, dated the 20th July 1882, and he has been ever since discharging the duties satisfactorily. 3. In 1883 the Registered holder Narasimmaiya was allowed one month's time (upon the agitation made on his behalf by his brother-in-law) to join his office or nominate a competent Gumasta for him, but he not availing himself of that opportunity, slept over his rights and addressed a petition in 1890 requesting that his sister's son Srinivasa Rao may be appointed in his stead as Shanbhog as he himself was employed in the Police force, concealing the previous history of the case. This request was granted by the Deputy Commissioner by his order No 18, dated 11th July 1890 above quoted evidently without any reference to previous correspondence on the subject. *Order thereon.*—The Government approve of the action of the Deputy Commissioner subject to further consideration and orders of Government, if there be any appeal in the matter.
6	1957--P. 48.	15th	The Deputy Commissioner of the Kolar District.	Appeal No. 400 of 21st May 1890. *Appellant* .. Narasimmaiya Naidu and Chandrasekharappa Naidu of Anekaldurgam, Chintamani Taluk, Kolar District. Petitioners requested that a certain Jahgir formerly enjoyed by their ancestors and improperly resumed by Government, be restored to them. 2. The report received from the Deputy Commissioner showed that the Jahgir was resumed more than 200 years ago.

7	1958--P. 49.	15th	The Deputy Commissioner of the Kolar District.	Appeal No. 1819 of 14th November 1890. *Appellant* .. Subbaraya, Shanbhog of Tippenahalli, Sidlaghatta Taluk, Kolar District. Petitioner was dismissed by the Deputy Commissioner in January 1890 on the ground that he knowingly concealed the name of a revenue defaulter. The facts are briefly these:— 2. In 1882 one named Hanumanta Rao fell into arrear of Government revenue amounting to Rs. 53. The whereabouts of the defaulter not being known, the land on which the arrear was due was resumed by Government in that year. In 1888 Petitioner was asked to say who the defaulter Hanumanta Rao was and he stated that he did not know who he was, and that the land was being cultivated by a tenant who has since died. From other enquiries however it was found that the defaulter Hanumanta Rao was a Clerk in the Bagepalli Taluk. This Hanumanta Rao denied that he was defaulter, but subsequently admitted his liability and paid up the arrears. He was suspended for a time and afterwards restored to office. 3. The Deputy Commissioner dismissed Petitioner as he believed that he (Petitioner) knew the real defaulter but dishonestly concealed the truth. He had been previous to dismissal suspended for having connected himself with a local Bank. *Decision.*—It is possible that Petitioner who has been in service from 1875—76 know who Hanumanta Rao was, but there is nothing on record to show that he knew him. Moreover this is a very old matter in which the land on which the arrear was due had been resumed and the Petitioner's suspension from office since January 1890 is a sufficient punishment for the fault, if any, committed by Petitioner. The Government therefore direct that Petitioner be restored to office from the date of the receipt of this order with a warning.

8	1959--P. 50.	15th	The Deputy Commissioner of the Kolar District.	Appeal No. 514 of 16th June 1890. Read the following correspondence:— Government Order No. 8067—316, dated 30th September 1890. Letter from the Deputy Commissioner of Kolar, No. 3645—853, dated 31st March 1890. *Appellant* .. Shamanna of Gondlahalli, Kolar. Petitioner appeals against the order of the Deputy Commissioner, dated 7th June 1890, suspending him (Petitioner) from his office of Shanbhog for a period of one year for having failed to give the previous history of a certain darkhast case. The records showed that Petitioner did omit to give the history of the case, but as the omission did not end in any miscarriage of justice to any body, the Government are pleased to order his restoration to the office from 1st June 1891, as also the Patel's restoration to his office from the same date. 2. The sale of the land referred to in the Proceedings is confirmed.
9	1960--P. 51.	Do	The Deputy Commissioner of the Kolar District.	Appeal No. 355 of 31st May 1890. *Appellant* .. Haidar Sab of Srinivaspur, Kolar District. Petitioner applied in 1889 for certain land assessed at Rs. 1—8—0, which had been previously disposed of. His complaint was that it had been improperly given away to the Patel instead of being sold and given to the highest bidder. The records showed that the case was properly disposed of by the Deputy Commissioner after due enquiry. 2. The Petitioner was therefore informed by an endorsement that the Government declined to interfere in the matter.

10	1962--P. 34.	15th	The Deputy Commissioner of the Hassan District.	Appeal No. 2628 of 4th March 1890. *Appellant* .. Bidimane Timmegauda of Tubinkere, Channarayapatna Taluk, Hassan District. In 1884 Petitioner purchased a piece of building site in the village of Tubinkere in a public auction, and converted it into a backyard and planted trees in it. He requested that the land might be entered in the "Khaneshumari" accounts. The Deputy Commissioner informed Petitioner that it is only buildings that are entered in the "Khaneshumari" account and not vacant grounds. Petitioner not being satisfied with this information requested Government to issue orders for the land being entered in the accounts. He was informed by an endorsement that Government accounts do not contain entries of vacant grounds within the village site, that his request to have his vacant ground entered in the accounts could not therefore be complied with, and that the want of such entries would not affect his title to the land.
11	1964--P. 33.	Do	The Deputy Commissioner of the Bangalore District.	Appeal No. 1172 of 18th August 1890. *Appellant* .. Venkatesaiya of Bangalore. Petitioner and some others had certain lands which in the Survey were clubbed into one number. The Phut Pahani however determined the area of each individual to be as shown below :—

	Dry.	G.	Total.	Asst.
Petitioner ...	6—14	·16	6—30	14—0—0
Dasaboyi ...	1— 5	·3	1— 8	2 4 0

Gurappa ...	1—12	...	1—12	2 8 0
	9—35	·21	10—16	23 0 0

2. In 1880 Petitioner disputed the accuracy of the above measurements. The matter was enquired into and the lands were finally measured in 1888 with the following results :—

	Dry.	G.	Total.
Petitioner	4— 3	·16	4—19

				2. Petitioner who had been paying his assessment with reference to the incorrect area of the Phut Pahani, claimed a refund of the excess paid by him, and the Deputy Commissioner ordered the excess to be collected from the other sharers and paid over to Petitioner; but the other sharers having refused to pay the excess due by them, the Amildar gave an endorsement to Petitioner under the orders of the Deputy Commissioner that nothing could be done in the matter. Petitioner appealed against this order. *Decision.*—The Government considered that the consent of the other sharers was not at all necessary to entitle the Petitioner to a refund of the excess sum paid by him. In case of the Deputy Commissioner being satisfied as to the correctness of the present measurements, he was permitted to refund to Petitioner the excess sum collected from him during the past years and recover the excess due from others as arrears of revenue. Petitioner should not be allowed to suffer for the mistakes of Government Officers in making Phut Pahani.
12	1965—P. 7.	15th	The Deputy Commissioner of the Tumkur District.	Appeal No. 1117 of 13th August 1890. *Appellant* .. Krishnappa, Shanbhog of Doddagoreghatta, Gubbi Taluk, Tumkur District. This is an appeal against the order of the Deputy Commissioner, dated 30th April 1890, suspending the Petitioner for one year. The chief ground of suspension is that Petitioner stated that field No. 51 for which a darkhast had been received, contained only 12 trees, whereas in fact it contained many more trees. Petitioner states that he was unable to state the correct number, because the boundaries of the field were not well defined. 2. Held that the explanation was altogether unsatisfactory. Appeal dismissed.
13	1966—P. 37.	Do	The Deputy Commissioner of the Mysore District.	Appeal No. 1990 of 3rd November 1890. *Appellants.* *Vs.* *Respondents.* Masud Sabi and Kalasetti of Nagamangala. Hutchanna, Timma and Venkata. In 1887 Appellant asked for a channel through certain lands belonging to Respondents

				for the conversion of their dry land into wet, and the Jamabandi Officer ordered the excavation; but the Respondents having objected to allow the channel through their lands, the then Sub-Division Officer cancelled the previous order. The question was again agitated in 1889, and the Sub-Division Officer decided that if the land was required, it should be acquired under the Land Acquisition Act. In March 1890, however, Mr. Madaiya, Sub-Division Officer, ordered the excavation of the channel and had the work carried out in his presence without acquiring the land under the Land Acquisition Act: but in September 1890, Mr. Meiklejohn cancelled Mr. Madaiya's order and ordered the channel to be closed and directed that the land required should be acquired under the Land Acquisition Act, if necessary. The present appeal is against this last order. *Decision.*—Held that Mr. Meiklejohn's order was perfectly correct and it could not be cancelled. The present Deputy Commissioner was however requested to report why the land should not be acquired under the Land Acquisition Act, and in case of there being no objection to send the necessary Notification for publication.
14	1967-P. 38.	15th	The Deputy Commissioner of the Mysore District.	Appeal No. 1002 of 5th September 1890. *Appellant* .. Ramanna of Nagamangala, Mysore District. Petitioner's brother Tippaiya who was Shanbhog of Konnanur, &c. Firkas was convicted of breach of trust and dismissed from office in November 1889. Petitioner who is an undivided brother of the dismissed claimed the office, but the Deputy Commissioner rejected his claim. Petitioner appealed and stated that his brother was dismissed for having been said to have embezzled a trifling sum of Rs. 3 and that having been away from the family for a long time, he had nothing to do with the alleged embezzlement. 2. He was informed by an endorsement that the Government declined to interfere in his favor.

15	2141--P. 20.	15th	The Deputy Commissioner of the Kadur District.	Appeal No. 2213 of 13th January 1890. *Appellant.* Vs. *Respondent.* Adeppa of Tarikere represented by Mr. Advocate Srinivasaiengar. Sannappe, Shanbhog, Hirikatur. Respondent who is the Shanbhog of the village fell into arrear on account of his kandayam lands to the amount of Rs. 32—2—9. His land No. 51 was attached and sold on 24th March 1887 when Appellant purchased it for Rs. 50. 2. Respondent complained against the sale, but the Deputy Commissioner rejected his Petition and confirmed the sale on 9th May 1887. Respondent then appealed to Government who issued an order on 17th October 1889 cancelling the sale on the grounds (1) that Respondent requested his Potigi allowance (Rs. 29) to be credited to his assessment which was not done, and (2) that the Appellant paid the purchase money on the 11th April 1887, while it was due on the 7th idem. 3. Petitioner stated that the above order was issued without any notice to him and requested that it might be cancelled and the sale confirmed, as he had spent much capital and improved the land since the purchase. He said that he had dug two wells, and newly planted about 500 cocoanut trees on the land. 4. Respondent who was present at the hearing denied the improvements said to have been made by the Appellant. 5. The Government order dated 17th October 1889 having been inadvertantly issued without notice to the Appellant was cancelled * and the Deputy Commissioner was requested to report whether Appellant had improved the land subsequent to the purchase and if so, to what extent. It was added that the only ground upon which the sale could be quashed was that Appellant did not pay the purchase money within the prescribed date, but the Deputy Commissioner having condoned the delay and confirmed the sale, the Government were not disposed to cancel the sale on that ground, especially if the Appellant had improved the land after the purchase. It was further

* Order No. 10254--287, dated 11th December 1890.

				stated that if, as Respondent alleged, no improvements whatever had been effected by the Appellent, there could be no particular hardship to the Appellant if the sale was cancelled and the purchase money refunded to him with interest at such reasonable rate as might be suggested by the Deputy Commissioner; and that the amount of interest should be paid by the Respondent. 6. As per Deputy Commissioner's * report Appellant has made improvements to the garden at a cost of Rs. 459-8-0; that the Panchayatdars selected for the purpose of estimating the outlay are respectable men, some being neighbouring garden owners; that there is hardly any tree or plant in the garden which is more than 2 or 3 years old; that the garden lay waste from 1883—84 to 1888—89; and that Respondent has failed to prove his allegation that Appellant has made no improvements to the garden. * No. 15, dated 11th April 1891. 7. Under these circumstances, Government confirmed the sale of the land referred to.
16	Endorsement No. 1691.	15th	Tirumalaiya and others of Niduvalalu, Tumkur Taluk.	Appeal No. 1691 of 25th October 1889. *Appellants* .. Tirumalaiya, Timmappa and others of Niduvalalu, Tumkur Taluk. On the representation of Petitioners, that one Tirumali of the Vakkaligar caste mingled with Madigars, their Guru Narnachar of Melkote excommunicated her and those siding with her and directed the Pujari of Lakshmidevi Temple not to accept cocoanuts, fruits, &c., from them till they should be purified by him. The proscribed persons complained to the Deputy Commissioner that the Pujari rejected their offerings and the Deputy Commissioner directed the Amildar to institute an enquiry into the case. The Amildar reported that the Lakshmidevi Temple is a Sarkar Temple; that as the Matt of which the aforesaid Narnachar of Melkote was the head, did not appear to be a recognized Institution, the Pujari of the Lakshmidevi Temple had been ordered to set aside the Nirup issued to him by the Guru and to accept in future cocoanuts, &c., offered by any one. The Deputy Commissioner thereupon ordered the Amildar to intimate to the complainants that the Pujari had been directed to receive their offerings.

17	2376–P. 15.	25th	The Deputy Commissioner of the Tumkur District.	With reference to the petition of Nanjama and others of Kalshettihalli in the Tiptur Taluk, forwarded with Official Memorandum No. 141 of 7th June 1890, the Deputy Commissioner of Tumkur District reported in his docket, dated 8th July 1890, No. 159, that the depopulated village of Bogarkallahalli which was formerly a separate village was added at the time of Survey to Petitioners' village, that the Hulbanni of the waste lands thereof had been given to one Govindagauda for Rs. 10—4—0 for the years 1888—89 and 1889—90 in spite of the objections of the Petitioners, as he was already cultivating some lands there, and that he (Deputy Commissioner) would have disposed of the Hulbanni of the current year in accordance with the ruling contained in Government Proceedings No. 2360-9—55 of 16th July 1884 and No. 6023-31—128 of 29th January 1885, but as the matter was before Government in appeal, final orders were awaited. *Order thereon.*—As the lease of grass land, against which Petitioners appeal, has expired, no orders seem to be called for. The Deputy Commissioner was requested to dispose of the grass lands for 1891—92 according to rules.
18	2377–P. 46.	Do	The Deputy Commissioner of the Mysore District.	The Deputy Commissioner, Mysore District, submitted with his letter, dated 20th February 1891, No. 1596, for orders, a petition with enclosures addressed to the Amildar of Attikuppa by the Jodidars of Byalakere Village in that Taluk complaining of the amount payable by them on the village being raised to Rs. 669—4—3, calculating the amount of jodi and quit-rent on the Survey valuation thereof *viz.*, Rs. 1,367—12—0 and objecting to meet this increased demand. *Order thereon.*—The papers received with the letter read above do not disclose any reason for reducing or remitting the quit-rent already imposed, and the local cess can under no circumstances be remitted. 2. The quit-rent and the cess must therefore be collected as usual.

With reference to Government decision in Appeal No. 1533 of 20th October 1889, directing the division of the Shanbhogship of the villages noted in the margin in the Mulbagal Taluk between Kasiram Hazari and three others, the Deputy Commissioner of Kolar reported in his letter No. 305—65, dated 27th April 1891, that the villages Nos. 3, 4 and 5 were incorporated at the Survey Settlement with No. 2, while No. 1 remains a distinct village by itself, that the Survey Superintendent is of opinion that the Shanbhogs of the 4 villages formed into one, should officiate by terms, to which arrangement, however, the parties do not consent, and solicited instructions as to how he should proceed. 1. Biraganahalli. 2. Yedarur. 3. Amanikere. 4. Kurubarahalli. 5. Gazalahalli. *Order thereon.*—Under the circumstances stated, there is no alternative but to treat all the * 4 villages as one. The parties concerned, *i. e.*, A, C and E named in the judgment should arrange to name one man to perform the duties of the office. If they do not, the Deputy Commissioner should appoint one of them or a stranger who is duly qualified as a Gumasta of all the three with such arrangements about his remuneration as may be deemed proper. 1. * Yedarur. 2. Subbasastri, Jodidar of Hajaripalya, Kunigal Taluk. The facts of the case are as follows:— The Jodi village of Hajaripalya enjoyed by Petitioner's ancestors under a sanad granted by Dewan Purnaiya was confirmed in his (Petitioner's) name at the Inam Settlement in 1870. It would appear that the land (S. No. 193) near the "Kariyammanakallu" which is said to form the eastern boundary of the aforesaid Jodi village, had been included in the village of Kempasagara, formerly a Jodi village and now a Government village; and that when the said land, so long classed as kharab, was assessed in 1881 and given out for cultivation to others, Petitioner complained, in the first instance, to the Amildar and the

				Jamabandi Officer and was informed in reply that as the case involved a boundary dispute, he should have had it settled by the Settlement Officer. Petitioner then addressed the Survey Superintendent who referred him to the Revenue authorities, and subsequently the Deputy Commissioner was petitioned and that Officer gave an endorsement to Petitioner to the effect that the matter once settled could not be re-opened. 2. Petitioner who appealed against this order stated that at the introduction of survey he was a minor and that he had been complaining about the land in dispute ever since he attained his majority. 3. The Superintendent of Survey and Settlements was then * requested to report when the boundaries of the village were fixed by the Settlement Department and whether they differed from those determined by the Inam Department, and if so, why. Further, as the Petitioner's statement appeared to be true, and as Government were not disposed to set aside his claim on the mere ground that he did not urge his claims when the Settlement Department determined the boundaries, the Superintendent of Survey and Settlements was requested to cause further enquiry to be instituted into Petitioner's case, if necessary, and to report the result. * Letter No. 15016—156, dated 18th February 1891. 4. The Survey Superintendent * reported that no further enquiry was necessary as the boundaries in question had, prior to the Survey, been determined by the Inam Department and the same were adopted by the Survey in 1876 without any alterations whatever. * Letter No. 810, dated 7th March 1891. 5. The Petitioner was informed accordingly by an endorsement.

There was a boundary dispute between the village of Petitioners and Obgonhalli in the British Territory of Dharmavaram Taluk. The dispute

				was settled in 1869, when certain lands claimed by Petitioners were made over to the British village. Petitioners now say that the settlement was not right and now that Bellary District is being surveyed, the question may be re-considered. 2. They were informed by an endorsement that the Government were not disposed to re-open the question of the boundary dispute already settled.
22	2534--P. 19.	25th	The Deputy Commissioner of the Tumkur District.	Appeal No. 2179 of 15th December 1890. *Appellant.* .. Gonchikar Ruddraiya of Marammanahalli, Pavagada Taluk, Tumkur District. Petitioner claimed a right to irrigate his land from a channel which flows from a *Talparagi* (permanent well) situated in the holding of a 3rd party. The Respondent, the holder of the neighbouring land No. 1, denied the right. The Survey accounts show that No. 1 alone has right to the water, and the Deputy Commissioner therefore refused to interfere in favor of Petitioner. The Petitioner appealed. *Decision.*—Held that the claim is of a civil nature. Petition rejected and Petitioner referred to Courts.
23	2535--P. 20.	Do	The Deputy Commissioner of the Tumkur District.	Appeal No. 2191 of 17th December 1890. *Appellants.* *Vs.* *Respondent.* Nanne Sabi and others of Kadekannala, Gubbi Taluk. Kariyanna. Petitioners wanted a passage through No. 218 in the possession of the Respondent. The Deputy Commissioner enquired into the complaint and ordered on 29th January 1890 that a passage be given through No. 220, a piece of land in the bed of the Tank being given to the Respondent temporarily for pasturage in lieu of the land in No. 20 taken up for the passage. 2. Petitioner's contention was that the grant of land to Respondent in the bed of the

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				Tank caused them inconvenience, and that the passage should be given through No. 248 and not through No. 220. *Decision.*—Held that in a case like this the Government must be guided by the opinion of the Deputy Commissioner, and that there was nothing to show that Petitioners had a right to a passage through No. 248 or No. 220. Petition rejected.
24	2537-P. 23.	25th	The Deputy Commissioner of the Kadur District.	Appeal No. 2414 of 14th November 1887. *Appellant.* .. Batani Krishna Rao of Mavinkere Estate, Lakvalli Taluk, Kadur District. In February 1882, Petitioner complained that if the assessment of his land were not reduced, he would resign 100 acres of it. In March 1882 the assessment was reduced to Rs. 195—8—0, the reduction being a great deal less than that prayed for. In April 1883 Petitioner resigned 100 acres. After some correspondence the relinquishment was accepted on 23rd May 1884, and the assessment of the relinquished portion remitted from 1884—85. 2. Petitioner's complaint in appeal was that effect should be given to his razinama from 1882 when he first presented his resignation and the assessment collected refunded to him. He also complained that his land had not been correctly measured. The latter complaint required no notice, as Petitioner had since sold his estate to a Musalman and he had apparently no complaint. The Government noted that the relinquishment tendered being for a portion of a number, and not for a whole number, it necessarily entailed enquiry, and therefore considered that in cases of this kind effect could be given to the relinquishment from the date of acceptance only. Petitioner's first application of 1882 was only conditional, and there was no unreasonable delay after he presented his relinquishment in 1883. 3. Petition rejected.

25	2536-P. 47.	26th	The Deputy Commissioner of the Mysore District.	Appeal No. 1277 of 23rd August 1890. *Appellant.* .. Narasimmaiya, Shanbhog of Chamlapur, Nanjangud Taluk, Mysore District. In 1890 Petitioner was suspended for 5 years because he neglected to collect the arrears of revenue, and a stranger Subbanna, who was the Shanbhog of another village, was appointed to act for him. The arrears have been since collected. 2. Petitioner stated in his appeal that he was only responsible for the correctness of the accounts and not for the collection of arrears, and requested that the suspension might be cancelled. 3. The Government considered that it was not right to suspend a Shanbhog for delay in the collection of arrears for which the Patel was primarily responsible and ordered Petitioner's restoration forthwith.

From the Assistant to the Resident in Mysore, To the Dewan of Mysore, No. 1652—734-7, dated Bangalore, 1st June 1891.

I am directed to acknowledge the receipt of your letter No. 1890-76, dated 19th May 1891, in which you ask that a general permission for direct correspondence in Police matters between Mysore Police and Police of Civil and Military Station may be accorded.

2. In reply, I am to inform you that the Resident regrets he is unable to accord the sanction to any general permission, as it is opposed to the rules and custom in use under the Government of India, but he is prepared to grant permission for direct correspondence in matters such as those referred to in paragraph 3 of your letter, namely :—

(i) Furnishing information of crime.

(ii) Circulating lists of stolen property.

(iii) Intelligence of an urgent nature for detection and prosecution of crime.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 16th June 1891.

READ :—

Letter from the Deputy Commissioner, Chitaldroog District, To the Chief Secretary to the Government of Mysore, No. 51—47, dated Bangalore, 2nd May 1891.

I have the honor to solicit instructions as to the procedure to be adopted with regard to hidden Treasure which the finder has failed to deposit in the Deputy Commissioner's Court, with an exact inventory thereof, as required by Section 2 of the Rules relating to the finding of hidden Treasure published under the Chief Commissioner's Notification No. 6, dated 17th April 1867.

2. In the month of December last, at Bansihalli in the Holalkere Taluk, one Basti Timmaiya and his mother Ningamma discovered some hidden Treasure consisting of cash and jewels, but failed to give immediate notice thereof and deposit the Treasure in the Deputy Commissioner's Court as required by Section 2 of the Rules. The matter was brought to light through a pseudonymous petition addressed to me, which was referred by me to the Amildar for inquiry and report. The record of the Amildar's inquiry shows that according to the statements made by the finders of the Treasure, Rs. 200 in cash and jewels, &c., valued at Rs. 68—8—0 were all that was discovered by them. Mr. Venkata Rao, General Assistant Commissioner, who was deputed by me to hold a local inquiry into the matter, thinks that the value of the Treasure discovered could not have exceeded Rs. 1,900. Except the statements of the finders themselves, there is nothing to show exactly how much was discovered. Out of the Treasure admitted by the finders themselves as having been discovered by them, Rs. 194 in cash has been withheld by them, while 6 Raja rupees and jewels, &c., valued at Rs. 68—8—0 were secured by the Amildar during his inquiry into the case.

3. By their failure to conform to the procedure laid down in Section 2 of the Rules, the finders have under Section 7 of those Rules forfeited all right to the Treasure.

4. A Notification has been issued by me inviting claimants, if any, to come and establish their claim to the 6 Raja rupees and the jewels secured by the Amildar, and if no claimant appears to establish his right thereto, the same will be confiscated to Government. But I am at a loss to know what to do with regard to the sum of Rs. 194 in cash which has been withheld by the finders, and I beg to know whether it may be recovered from the finder Basti Timmaiya as a revenue demand.

Letter from the Government Advocate in Mysore, To the Chief Secretary to the Government of Mysore, No. 12, dated Bangalore, 22nd May 1891.

His docket No. 1835—216, dated 15th instant.

In reply has the honor to state that assuming that the Rules relating to Treasure Trove, published in Notification 6 in the Mysore Gazette of the 4th May 1867, had been published under the authority of the Governor General of India, the undersigned is of opinion that the money withheld by the finder cannot be recovered as a Revenue demand; but the Rules do not appear to have been introduced under the authority of the Government of India. The present case does not come under the purview of Section 193 of our Land Revenue Code which authorizes the levying of forfeiture "under this Regulation or under any Act, Rule or Order hereby repealed or under any Act or Regulation for the time being in force *relating to Land Revenue*." The money having become the property of the Government by confiscation under Rule 7, the only course that seems to the undersigned to be open is to file a suit in a competent Court for its recovery on behalf of the Government. In the British Treasure Trove Act VI of 1878, Sections 20 and 21 provide penalties on conviction before a Magistrate. A Regulation on the lines of this Act has been drafted.

No. 3165-72—CIR. 50, DATED BANGALORE, 16TH JUNE 1891.

ORDER THEREON.—Recorded. The Government Advocate's opinion will be communicated to the Deputy Commissioner, Chitaldroog, for information and guidance.

T. ANANDA ROW,
Chief Secretary.

The Deputy Commissioners of other Districts for information and guidance.

Proceedings of the Chief Commissioner No. 4712—67 of the 19th November 1873 and No. 4831—R. 316 of the 3rd October 1874.

Letter from the Survey and Inam Superintendent No. 37, dated 18th April 1890, and No. 224, dated 15th July 1890.

No. 2912-20—CIR. 47, DATED 10TH JUNE 1891.

ORDER THEREON.—The Proceedings of the late Chief Commissioner, No. 4712—67, dated 19th November 1873, and No. 4831—R. 316, dated 3rd October 1874, laid down rules for dealing with excesses in Inams granted for the up-keep of Chattrams, Musafirkhanas, Topes and Avenue trees under the terms of the Commissioner's Circular No. 15, dated 22nd July 1846. Under these Rules, an area of land bearing Survey assessment equal to the value of the grant, as represented by the old assessment, is confirmed to the Inamdar, together with an allowance of 10 per cent and all excess is charged with full assessment.

2. These Rules have operated with great hardship on the Inamdars concerned, and have been the subject of great complaint. The Government of His Highness the Maharaja have given very careful consideration to the subject and have come to the conclusion that the principle of dealing with the Inams in question exclusively

upon the basis of their assessment as fixed at the time of the grant, is not correct. As a rule, these grants have been recorded in units of area ascertained at the time by actual measurement, and in most cases defined by boundaries more or less identifiable, and it is but fair that the Inams should be dealt with upon the basis of area as recorded in the sannads and accounts, and that where the boundaries are clearly defined and identifiable, existing enjoyment should not be interfered with.

3. As to any difference which may be found to exist between the area specified in the sannad and that ascertained by Survey, it has been suggested that as in the case of minor Inams, 50 per cent of the excess should be left free to the Inamdars, the remainder alone being subjected to assessment. As pointed out by Colonel Grant, the analogy hardly holds good. The Inams under disposal are comparatively modern grants based on actual measurement, and recorded in units of area, and not on estimated area or area in bijvari ; so that great variations in area cannot be attributed entirely to error in measurement, or to have arisen without fraud or collusion on the part of the grantees themselves. Under all the circumstances of the case, and with every disposition to deal with these grants liberally in view of the charitable purposes for which the Inams were granted, the Government are of opinion that an allowance of 25 per cent will be sufficient and suitable.

4. The following rules are accordingly laid down for the guidance of the Survey and Inam Departments in dealing with the Inams under reference, in supersession of those prescribed by the Proceedings of 19th November 1873 and 3rd October 1874. They will also be published in the Government Gazette, for public information.

I. Inams granted for the up-keep of Chattrams, Musafirkhanas, Topes and Avenue trees under the terms of the late Commissioner's Circular of 22nd July 1846 will be confirmed in full where the boundary marks specified in the sannads are clear, or where otherwise there is no doubt regarding the correct position of the land originally granted. But where the boundary marks are not clear or doubts exist regarding the correct position of the lands originally granted, the Inams will only be confirmed up to the area specified in the original sannads and old accounts, plus 25 per cent, the surplus being brought under full assessment.

II. When the area now actually held as Inam is less than the area specified in the original sannad, the deficiency will not be made good.

III. Out of any individual survey number hitherto enjoyed as Inam, all excess over and above the extent confirmed as Inam under Rule I shall be treated as Government land and charged with full assessment. When such excess does not exceed Rs. 5 in survey valuation, it shall be treated as part of the Inam and the amount charged as Jodi. When however such excess exceeds Rs. 5 in survey valuation, it shall be measured into a separate survey field and treated in all respects as Government land.

IV. The extent confirmed as Inam under these Rules shall be entered in the Akarband and village accounts as dry crop land, whatever the description of the land may be. Provided that if the Inamdar uses water, the product of a Government work, he shall pay water-rate at the prescribed rates.

5. The Survey and Inam Superintendent is requested to revise the settlement of the Inams under reference in accordance with the foregoing Rules and after completion of the revised settlement, to submit, for record in the Dewan's office, a statement in the accompanying form showing the results of such settlement.

No. 3276-83—CIR. 51, DATED BANGALORE, 17TH JUNE 1891.

ORDER THEREON.—With reference to the sum of Rs. 102 exhibited in the Return of the Kadur District for the year 1889—90 as the maximum duty on salt-pans, the Deputy Commissioner was requested to report the circumstances under which such a high rate had been imposed.

2. In reply, the Deputy Commissioner reported that the instructions laid down in Proceedings No. 6386-94—144 of the 28th February 1880 prohibiting the system of farming out the manufacture of earth-salt had been lost sight of till July last and that the necessary orders were since issued to the Amildars on the subject.

3. The Deputy Commissioners of other Districts were thereupon requested to report whether due effect had been given to the orders contained in the Proceedings above cited, and the replies received are in the affirmative, the Deputy Commissioner of Kolar adding that salt-pans in his District are being disposed of on a system of tenders as sanctioned in Government Proceedings No. 33—1 of the 1st April 1884.

4. In the meantime, the Deputy Commissioner of Kadur has solicited instructions as to the procedure to be followed in future when more than one application is received on the same day for one and the same pan and, if a sale by auction should take place, whether the same should be between the applicants only or be open to the public. It is reported that the present practice obtaining in the Kadur and Tarikere Taluks is to sell pans by public auction.

5. In cases in which there are more applications than one for a license for the same pan or set of pans, the discretion vested in Deputy Commissioners by Rule IV of the Rules issued under Notification No. 113 of the 15th July 1881 is in the opinion of Government best exercised not by a resort to a sale by auction but by adopting a system of tenders in which due notice is given to all concerned; applications are invited for a fixed day; and that tender is accepted which is most advantageous to Government. Where there is no competition, but only a single application for a license or the renewal of a license, of course, no call for tenders is necessary.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 10th June 1891.

READ:—

Letter from the Deputy Commissioner, Kolar District, dated 19th March 1891, No. 3531.

No. 3624—P. 70, DATED 10TH JUNE 1891.

ORDER THEREON.—The sale of the village having been confirmed in 1886—87, the purchaser cannot be called upon to pay the arrears due prior to the date of confirmation. There is nothing in the records to show that the sale took place on the understanding that the purchaser should pay the arrear of 1885—86 also. The Deputy Commissioner is therefore requested to refund to the Petitioner any sum that he has paid on account of that year, and proceed against him for the arrear of subsequent years only.

2. The Government consider that the purchaser of land in a Revenue auction is entitled to collect the arrears due to the former landlord, prior to the date of sale, inasmuch as he has purchased all the rights of the defaulter, but he cannot, on that account, be called upon to pay the arrears due for years previous to the sale, as the purchase money represents the value of all the rights he has purchased. The former land-lord continues liable for any arrears due to Government after crediting the sale proceeds towards the same. The Deputy Commissioner's attention is drawn to Section 191 of the Mysore Land Revenue Code, 1888, and to Clause 8, Rule XXXVI of the Rules issued with Notification No. 150, dated 22nd July 1890.

READ THE FOLLOWING PAPER :—

Docket from the Deputy Commissioner, Tumkur District, dated 22nd April 1891, No. 40, submitting the explanation called for in Government Proceedings, dated 7th April 1891, No. 237-17—L. 28, in regard to the District Fund Budget Estimates of the Tumkur District for the year 1891—92.

Government Proceedings No 237-17—L. 28, dated the 7th instant, passing orders on the District Fund Budget Estimates of Receipts and Expenditure for the year 1891—92.

1. In reply to para 1 of the above has the honor to state that as in the years 1889—90 and 1890—91 the previous years' arrears had to be collected, the assets in those years rose. The cess for 1891—92 has been calculated on the estimated Land Revenue for that year entered in the Civil Budget Estimates.

2. With regard to para 6, (Item "IV (*a*)") Vaccination charges, begs to state that as nothing was expended under this head in 1890—91, only a small sum of Rs. 40 was entered in the Budget for 1891—92.

3. Adverting to para 7, Item "VI *c.*" about no house rent having been provided for the Dispensary at Koratagere, begs to state that as the Dispensary is located in a portion of the Taluk Cutcherry building, no provision for the house rent was made.

No. 2480-1—L. 171, DATED 2ND JUNE 1891.

ORDER THEREON.—Recorded.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 2nd June 1891.

READ :—

From the Officiating Secretary to the Government of Mysore, Public Works Department, To the Chief Secretary to the Dewan of Mysore, No. 2012—243, dated Bangalore, 20th May 1891.

With reference to para 26 of Government Proceedings No. 9960-72—219, dated 12th March 1890, reviewing the Local Fund Administration Reports of 1888—89, I have the honor to forward the enclosed copy of letter No. 1308, dated 2nd instant, from the Examiner, Public Works Accounts, and to state that I agree with that officer that under the altered circumstances of the case, the submission of Completion Certificates to the District Fund Committees is unnecessary, but Executive Engineers will be directed to furnish District Fund Committees with *copies* of Completion Reports for District Fund works, in accordance with the arrangements approved of in para 9 of Chief Commissioner's Minute, dated 13th August 1878, appended to his Proceedings No. 4110—61 of the 23rd idem, regarding the amalgamation of District Fund works with the Public Works Department. The *original* Completion Reports are required for record in the Examiner's Office as per Public Works Rules. I am of opinion that the monthly statement of District Fund expenditure which the Examiner, Public Works Accounts, has arranged to furnish, and the copies of Completion Reports supplied by Executive Engineers, should meet the requirements of the District Fund Committees.

From the Examiner, Public Works Accounts of Mysore, To the Officiating Secretary to the Government of Mysore, Public Works Department, No. 1308, dated Bangalore, 2nd May 1891.

The Government of His Highness in reviewing the Local Fund Administration Reports for 888—89 have directed that the following returns be furnished by the Examiner to the Presidents of District Fund Committee, *vide* para 26 of Government Proceedings No. 9960-72—Cir. No. 219, dated 12th March 1890 :—

(*a*) A statement of District Fund expenditure admitted monthly.

(*b*) Completion Certificates for works executed by Executive Engineers.

II. Compliance has been made in regard to the first return ; but as regards Completion *Certificates*, I have the honor to state that *prior to the amalgamation of the District Funds with the Public Works Department*, Executive Engineers were entrusted with the execution of a few important Local Fund original works only :—now, all District Fund works are carried out by them and *Completion Certificates* are not required to be submitted. I therefore request to be informed, if by Completion *Certificates* (referred to in the Proceedings), Completion *Reports* are meant.

III. Since Completion Reports are now finally recorded here as per Public Works Secretary's No. 1236—231, dated 30th March 1887, I would ask whether the arrangement of these documents being (in future) sent to the Presidents concerned for file in their offices as per "para 22 of the District Fund Rules" quoted in the Proceedings under reference, meets with your approval.

No. 2515-23—L. 181, DATED BANGALORE, 2ND JUNE 1891.

ORDER THEREON.—The arrangements made are sufficient and approved.

A. SRINIVASACHARLU,
Under-Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 3rd June 1891.

READ THE FOLLOWING PAPERS :—

Docket from the Deputy Commissioner, Kolar District, dated 14th February 1891, No. 3292—772.

(2). Docket from the Deputy Commissioner, Kolar District, dated 19th March 1891, No. 3557—830.

(3). Letters from the Deputy Commissioner, Kolar District, dated 28th February, 25th March and 30th April 1891, Nos. 3576—792, 3605—841 and 562—83 respectively. Education Secretary's Proceedings No. 218—23, dated 30th March 1891.

No. 2686-97—L. 206, DATED 3RD JUNE 1891.

ORDER THEREON.—With the above the Deputy Commissioner submits the Budget Estimates of the several Municipalities of the Kolar District for the year 1891—92.

KOLAR.

2. The income of this Municipality for 1891—92 is estimated at Rs. 7,074 against Rs. 7,971, the actuals of 1890—91.

Items.	Receipts	Actuals of 1889—90.	Estimate for 1891—92.
I	Octroi ...	1,016	1,000
II	Tax on houses ...	2,354	2,000
VII	Mohatarfa ...	4,085	3,450
VIII	Rents ...	125	161
IX	Fines ..	...	...
X	Miscellaneous ...	391	480
	Total.....	7,971	7,074

3. *I. Octroi.*—The decrease in the estimate under this head is small and calls for no remark.

4. *VII. Mohatarfa.*—The estimate is stated to be "based partly on Jamabandi and partly on the anticipated collections of the arrears still outstanding". This explains the increase, which is chiefly in "(*a*) Shops" and "(*d*) Carts," compared with the sanctioned estimates for 1890—91, but does not explain the decrease compared with the actuals of 1889—90. The omission should be supplied. Meanwhile the estimate will be allowed to stand.

		Actuals of 1889—90.	Estimates. 1890—91.	1891—92.
(*a*).	Shop tax ...	2,452	1,500	2,000
(*d*).	Cart tax ...	1,001	500	800

5. *VIII. Rents.*—The increase under this head is due to the rents now collected from market stalls recently built in the town and to the new estimate (Rs. 20) under (*b*) "Gardens" probably the income expected from the Victoria Garden maintained by the Municipality. The estimate is passed.

6. *X. Miscellaneous.*—The increase under this head is the result of a gross increase of Rs. 213 in the sub-heads (*g*), (*k*) and (*m*) and of a gross decrease of Rs. (124) in (*a*), (*d*), (*i*) and (*n*) as noted in the margin. The increase under (*m*) is stated to be due to the inclusion in the estimate of the maintenance allowance of District Fund roads recently * transferred to the Municipality. The decrease under (*i*) "Sale of grass" is due to the realization from the sale of grass in the Jail and District Office compounds hitherto credited to Municipal Funds, being excluded from the estimate in accordance with the Government Proceedings, dated 11th January and 23rd February 1891, Nos. 11339-48—Cir. 229-L. 202 and 13421-2—525-L. 364 respectively. The other variations, which are small, do not call for remark. The estimate is passed.

* Public Works Department Circular, dated 20th December 1889, No. 97—98.

7. Including the opening balance of Rs. 4,212, the sum available for expenditure during 1891—92 is Rs. 11,286, of which Rs. 8,111 are proposed to be expended, leaving a balance of Rs. 3,175 at the end of the year.

Items.	Expenditure.	Actuals of 1889—90.	Estimate for 1890—91.	Estimate for 1891—92.

XI	Miscellaneous ...	581	800	938
XII	Re-payment of loan ...	...	...	...
	Total.....	6,317	7,163	8,111

8. *II. Head Office.*—The provision under this head does not include the increase of pay sanctioned to the Municipal Clerk in the District Office. The estimate will therefore be raised to Rs. 108 according to the distribution sanctioned in Government Proceedings, dated 2nd June 1891, No. 2614-5—L. 193.

9. *III. Collection.*—The sum of Rs. 132 shown to have been expended during 1889—90 under this head was on account of Octroi collections, for which no charges are at present incurred, the collections being managed by Taluk Gumastas without any cost to the Municipality. Since the receipt of the Budget, the Government have sanctioned an allowance of Rs. 7 and 5 (*vide* Government Proceedings, dated 31st March 1891, No. 14654-6—555-L. 451) to Patel and Ishanbhog at Kolar respectively, pending the introduction of Pakka Potigi system into the town. This sum will be entered in the Budget for the current year.

10. *IV. Conservancy.*—The increase compared with the estimate for 1890—91 is due to the provision made on account of the marginally noted additional establishments proposed to be entertained for the better conservancy of the town and on account of the construction of trenches and urinals in the public latrines. The Government observe that the estimated receipts of the Municipality are only Rs. 7,074, while the annual fixed charges of the Municipality allowing only

5	Sweepers at Rs. 5 per mensem ...	300
2	Scavengers at Rs. 7 per mensem ...	168

Rs. 1,200 on account of the maintenance of roads, drains, wells, &c., amount to Rs. 7,083 which exceed the estimated receipts for the year by Rs. 9. With this financial condition, the Government are not disposed to sanction the additional establishments costing Rs. 528 now recommended. The increased provision will therefore be struck out.

VIII	Public Works	1,200
IX	Charitable grants	743
XI	Miscellaneous	938
		7,083

11. *VII. Lighting.*—The increase under this head is partly due to the proposed purchase of 10 additional lamps and partly to the increase in the cost of lighting, as the lamps are to be lighted in future till 4 A. M. instead of only till midnight as at present. The estimate is fair and is passed.

12. *VIII. Public Works.*—The provision under this head which is for the marginally noted works is sanctioned.

	Total.....	1,820

13. *IX. Charitable Grants.*—An increase of Rs. 30 proposed over the sanctioned estimate for 1890—91 is said to be needed for the "furniture" of the Dispensary. The estimate is passed.

14. *XI. Miscellaneous.*—The increase under this head is in the marginally noted two items. The provision under "(*c*) Pounds" is on account of the pay of Peon *sanctioned to the Cattle Pound in the town and is approved. No special reason is assigned for the increased provision under (*h*). It will therefore be disallowed and the estimate under that head reduced from Rs. 278 to Rs. 200.

17. *II. Tax on Houses.*—The increase under this head has not been explained. The estimate is probably based on the probable collections of 1890—91, which are given as Rs. 201. The estimate is passed.

18. *VII. Mohatarfa.*—The estimate under this head is stated to be based upon the Jamabandi. The estimate is passed, but the Deputy Commissioner will be requested to explain how the Jamabandi has raised the revenue so much above the actuals.

19. *IX. Fines and X. Miscellaneous.*—No estimate is made under "Fines," apparently as no fines were collected in 1890—91. Under "Miscellaneous," the increase does not call for remark, as the items are of a fluctuating nature.

20. Including the opening balance of Rs. 1,596, the sum available for expenditure during 1891—92 is Rs. 3,514, of which Rs. 2,901 are proposed to be spent during the year, leaving a balance of Rs. 613 at the end of the year.

21. *II. Head Office.*—The provision under this head does not include the increase of pay sanctioned to the Municipal Clerk in the District Office. The estimate will therefore be raised to Rs. 29 according to the distribution sanctioned in Government Proceedings, dated 2nd June 1891, No. 2614-5—L. 193.

22. *III. Collection.*—The sum of Rs. 78 shown under actuals of 1889—90 is the commission paid to the Shanbhog for collecting Octroi duty, no such charge being now incurred as the collections are made by the Taluk establishments.

23. *VII. Lighting.*—The details of the provision under this head are given in the margin. The estimate is approved.

25. *IX. Charitable Grants.*—The increase of Rs. 20 over the sanctioned estimate for 1890—91 under this head is stated to be needed for the repair of the dispensary furniture. The estimate is passed.

26. *X. Education.*—The increase of Rs. 90 over the sanctioned estimate for 1890—91 is due to the provision newly made for the Pupil Teacher and a Peon on Rs. 5 each per mensem. The Government observe that the entertainment of the Pupil Teacher was sanctioned up to 31st March 1891 only (*vide* Education Secretary's Proceedings, dated 4th September 1890, No. 80—3) and it is not clear for what period the employment of a Peon was sanctioned. The estimate will be retained, but the sanction of the Education Secretary must be obtained for their entertainment during 1891—92 or permanently.

27. The income of this Municipality for 1891—92 is estimated at Rs. 1,007 against Rs. 665, the actuals of 1889—90.

28. *II. Tax on Houses.*—The increase under this head is stated to be based on the "*Actuals and the Jamabandi*". The probable collections in 1890—91 are stated to be Rs. 261. The estimate is passed.

29. *II. Mohatarfa.*—The increase under this head which is chiefly in * (*a*) Shop tax, is stated to be due to the tax having been revised in the year 1889—90. If so, it is not clear why the actuals of that year or the probable collections of 1890—91 were only Rs. 227 and Rs. 229 respectively, while the estimate for 1891—92 is Rs. 330. This should be explained. Meanwhile the estimate will stand.

* Actuals.	Estimate.
117	330

30. The increases under other itmes of receipts are small and call for no remark.

31. Including the opening balance of Rs. 943, the sum available for expenditure during 1891—92 is Rs. 1,950, of which Rs. 1,314 are proposed to be expended, leaving a balance of Rs. 636 at the end of the year.

32. *II. Head Office.*—The provision under this head does not include the increase of pay sanctioned to the Municipal Clerk in the District Office. The estimate will therefore be raised to Rs. 15 according to the distribution sanctioned in Government Proceedings, dated 2nd June 1891, No. 2614-5—L. 193.

33. *III. Collection.*—The amount shown under actuals is the sum disbursed to the Shanbhog for the trouble of Octroi collection, while no such allowance is now granted, the tax being collected by the Taluk establishments without any cost to the Municipality.

34. *IV. Conservancy.*—The increase of Rs. 24 over the sanctioned estimate for 1890—91 is due to the increase of Rs. 2 proposed to the pay of the Daroga. The estimate is passed.

35. *VII. Lighting.*—The increase provided is on account of extra cost needed for lighting lamps till 12 P. M. instead of only till 9 as hitherto. The estimate is passed.

36. *VIII. Public Works.*—The details under this head are given in the margin and the estimate approved.

37. *IX. Charitable Grants.*—The increase under this head is the result of the provision of Rs. 20 made for the repair of furniture and the omission of the provision of Rs. 12 for the rent of the dispensary building. It is not stated why no provision was made for the rent of the dispensary building. The omission should be supplied. Meanwhile the estimate will be allowed to stand.

40. *II. Tax on Houses and VII. Mohatarfa.*—The large decrease under each of the items is explained to be due to the actuals of 1889—90 having included outstanding of the previous years collected during that year, while no such arrears exist to be collected in 1891—92. The estimates are approved.

41. X. *Miscellaneous.*—The increase under this head is the result of a gross increase of Rs. 255 and of a gross decrease of Rs. 107 as shown in the margin. The new estimate entered under (*f*) "School fees" is the income from the English School recently sanctioned. The variations under other items, which are of a fluctuating character, do not call for remark.

This explains the *increase compared with the sanctioned estimate for 1890—91 but does not explain the cause of the decrease compared with the actuals of 1889—90. The omission should be supplied. Meanwhile the estimates will stand.

51. *VIII. Rents.*—The rent on bagayat lands hitherto erroneously credited to the Municipal Funds of the town is properly omitted in the present Budget.

52. *X. Miscellaneous.*—The increase is mainly due to the new estimate (Rs. 20) under "(*g*) Manure" and to that of Rs. 38 under "(*m*) Contributions" on account of the mileage allotment payable to the Municipality for the Provincial road in the town. The estimate is passed.

55. *III. Collection.*—Under the circumstances mentioned in para 9 *supra*, no estimate is entered under this head.

56. *IV. Conservancy.*—The increase of Rs. 12 provided under this head is on account of the increase of pay from Rs. 5 to 6 per mensem proposed to be given to the Municipal Daroga. The increase is sanctioned and the estimate approved.

57. *VII. Lighting.*—No provision is made in the present Budget on account of the purchase of new lamp-posts and lanterns, while Rs. 25 were sanctioned for 1890-91. Hence the decrease under the head. The estimate is passed.

61. *I. Octroi.*—The estimate is stated to be based on the actuals, but they are nearly Rs. 50 less. The probable collections of 1890—91 are entered as Rs. 377. There is nothing therefore to justify the present estimate, which will be reduced to Rs. 375.

62. *II. Tax on Houses and VII. Mohatarfa.*—The actuals of 1889—90 included large arrears collected during the year, while no such outstandings now exist. The estimates are approved.

Rs. 40 were provided in 1890—91 for a wheel barrow and there is no similar provision for 1891—92. Hence the net increase in the estimate is only Rs. 41, while the increase of the salaries is Rs. 84. 74. *VIII. Rents.*—The actuals under this head probably represent the amount realized from bagayat lands in the town. As this is creditable to Provincial and not Municipal, no estimate is entered for 1891—92.

75. *X. Miscellaneous.*—The increase, which is chiefly in "(*a*)* sale of houses and lands," is stated to be due to the expected demand for house sites in the proposed extension of the town. The estimate is passed.

79. *IV. Conservancy.*—The increase of Rs. 96 over the sanctioned estimate for 1890—91 is due to the provision made for the increase of pay proposed to be given to each of the existing 8 Sweepers from Rs. 4 to 5, which is stated to be necessary. The increase proposed is sanctioned and the provision approved.

80. *VII. Lighting.*—In the past year, there was a provision of Rs. 82 for new lamp-posts and lanterns, for which no estimate is entered in the present Budget. Hence the decrease in the estimate for 1891—92, which is approved.

82. *IX. Charitable Grants.*—In the current year's Budget an item of Rs. 20 on account of furniture of the dispensary is newly entered, which accounts for the increase over the sanctioned estimate for 1890—91. The provision is approved.

83. *X. Education.*—Under this head, Rs. 180 more than the sanctioned charges are provided on account of the increased rate of pay from Rs. 10 to Rs. 15 to the existing Master of the Sanskrit School and of the pay of Veda Patasala School Master proposed to be newly entertained. The provision will be retained, but no expenditure should be incurred without the sanction of the Education Secretary. The Government note that no provision is made on account of the English Master sanctioned in Government Proceedings, dated 30th March 1891, No. 218-23. A sum of Rs. 180 will be entered in the Budget on this account.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 3rd June 1891.

85. *I. Octroi.*—The increased estimate under this head is stated to be based on the probable collections of 1890—91. But the Government note that the latter collection amounts to Rs. 492. It should be explained why only Rs. 400 are estimated for 1891—92 and why the actuals of 1889—90 were so low. Meanwhile the estimate will stand.

86. *II. Tax on Houses and VII Mohatarfa.*—The actuals included the arrears of the previous years collected during 1889—90, while no such outstandings now exist. The estimates are passed.

87. *X. Miscellaneous.*—The increase, which is chiefly in (*f*) School fees is due to the increased fee collections expected from the Municipal English school lately raised to the High School standard. The estimate is approved.

88. Including the opening balance of Rs. 10,244, the sum available for expenditure during 1891—92 is Rs. 14,176, of which Rs. 9,222 are proposed to be expended, leaving a balance of Rs. 4,954 at the end of the year, as shown in the marginal statement.

90. *III. Collection.*—The omission of an estimate under this head is due to the Octroi collections being managed by Taluk establishments without any cost to the Municipality.

91. *VII. Lighting.*—The estimates of 1890—91 and 1891—92 vary as shown in the margin. The cause of the increase under item 1 should be explained.

96. *I. Octroi.*—The income under this head is very small. The Deputy Commissioner is requested to state whether Octroi may not be abolished altogether.

97. *II. Tax on Houses.*—The decrease under this head is justified by the diminished probable collections (Rs. 120) of 1890—91. The cause of the decrease in the probable collections has not been explained. The estimate will not however be disturbed.

98. *X. Miscellaneous.*—The decrease under this head is chiefly in (*k*) Anurayi, under which only Rs. 90 are expected to be realized during 1891—92, while the actuals of 1889—90 amounted to Rs. 132. The probable collections of 1890—91 are also stated to be 98. The cause of the falling off should be explained. Meanwhile the estimate will stand.

101. *VII. Lighting.*—The decrease under this head is due to the proposed purchase of only one lamp-post for Rs. 15 in 1891—92, while Rs. 90 were spent on that account in 1890—91. The estimate is approved.

106. *VII. Rents*—The actuals under this head represent the realizations from assessment on lands within the Municipality leased out for bagayat cultivation. As the item is purely Provincial, no estimate is entered in the present Budget in accordance with Government Proceedings, dated 11th January 1891, No. 11339-48—229 L. 202.

109. *IV. Conservancy.*—The increase over the sanctioned estimate for 1890—91 under this head is due to the pay of 2 Sweepers on Rs. 2 each being proposed to be raised to Rs. 4 and to the new provision of Rs. 6, for the purchase of tools. The estimate is passed.

112. The variations under other items are small and call for no remark.

GORIBIDNUR.

113. The receipts of this Municipality for 1891—92 are estimated at Rs. 714 against Rs. 631, the actuals of 1889—90.

114. *VII. Mohatarfa.*—The diminished estimate under this head is stated to be based "on the Jamabandi." The cause of the decrease in the Jamabandi has not been explained. The omission should be supplied. Meanwhile the estimate will stand.

115. *X. Miscellaneous.*—The increase which is chiefly in (*f*) school fees is due to the new estimate of Rs. 100 entered in the present Budget, there being no actuals under the head in consequence of the school having been established in the early part of the year 1890—91. The estimate is accepted.

116. Including the opening balance of Rs. 540, the sum available for expenditure during 1891—92 is Rs. 1,254, of which Rs. 955 are proposed to be expended, leaving a balance of Rs. 299 at the end of the year.

117. *II. Head Office.*—The provision under this head does not include the increase of pay sanctioned to the Municipal Clerk in the District Office. The estimate will therefore be raised to Rs. 11 according to the distribution sanctioned in Government Proceedings, dated 2nd June 1891, No. 2614-5—L. 193.

118. *III. Collection.*—As the Octroi duty is collected by the Taluk establishments without any cost to the Municipality, no provision on that account is made in the Budget for 1891—92.

119. *IV. Conservancy.*—A provision of Rs. 6 is newly made on account of the purchase of tools. This accounts for the increase in the estimate, which is sanctioned.

120. *VII. Lighting.*—The increase provided over the sanctioned charges for 1890—91 is in the items noted in the margin. The estimate is fair and is approved.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 9th June 1891.

READ :—

Letter and Docket from the Deputy Commissioner, Chitaldroog District, dated 21st March and 26th April 1891, Nos. 552—597 and 45—41 respectively, submitting the Budget Estimates of the several Municipalities of the Chitaldroog District for the year 1891—92.

Proceedings dated 26th March 1891, No. 206-9, issued in the Education Department in regard to the increased rate of pay sanctioned to the Head Master of the English school at Haribar.

No. 2698-709—L. 207, DATED 9th JUNE 1891.

ORDER THEREON.—The Government resolve to review the Budget Estimates of the several Municipalities of the Chitaldroog District for the year 1891—92.

Chitaldroog.

2. The income of this Municipality for the year 1891—92 is estimated at Rs. 4,610 against Rs. 5,999, which is the correct total of the actuals of the year 1889—90 and not Rs. 6,006 as erroneously entered in the Budget Statement No. I.

Items.	Receipts.	Actuals of 1889-90.	Estimate for 1891-92.
I.	Octroi	2,386	1,700
II.	Tax on houses	1,117	1,150
VII.	Mohatarfa	944	910
VIII.	Rents	270	115
X.	Miscellaneous	1,282	735
	Total.....	5,999	4,610

3. *I. Octroi.*—The decrease, which is mainly in VII Cloth, is stated to be due to the reduction of duty on Indian made goods from 3 to 2 per cent ad-valorem duty sanctioned in Government Proceedings dated 22nd January 1891, No. 11688-95—239. The Government observe that if the duty on Indian-made goods has been reduced from 3 to 2 per cent, the duty on goods imported from foreign countries has been increased from 1½ to 2 per cent. It is not clear whether the President has taken this into account. The matter should be explained. Meanwhile the estimate will stand.

4. *VII. Rents.*—In the past year, 2 gardens belonging to the Municipality were sold and the income estimated for 1891—92 is only from the remaining one garden. Hence the decrease in the present estimate, which is approved.

5. *X. Miscellaneous.*—The decrease under this head is chiefly in "(*a*) Sale of houses and lands" and "(*n*) Other items." The decrease in the former is stated to be due to the limited number of house sites available for sale in 1891—92. The decrease in "(*n*) Other items" is the result of a gross decrease of Rs. 284 in the items noted in the margin and of an increase of Rs. 100 expected from the sale of graft mango plants. Under "2. Water cess" an estimate of Rs. 15 is entered against Rs. 49, the actuals of 1889—90, and it is stated with reference to this, that though a similar estimate for 1890—91 was disallowed by Government in Para 2 of their Proceedings dated 5th July 1889, No. 2505-605—Cir. 65, on the ground that water-rate was a Provincial item, it was sub-

sequently conceded to the Municipality in Survey Superintendent's No. 1071, dated 17th May 1890. The President is requested to forward to this office a copy of the reference quoted. Meanwhile the estimate will stand. No income is expected from the sale of gardens during 1891—92, as there are none for sale. A sum of Rs. 100 is newly expected from the sale of graft mango plants. Hence the increase in this item. The variations under other items are small and call for no remark. The estimate is passed.

6. Including the opening balance of Rs. 5,313, the sum available for expenditure during 1891—92 is Rs. 9,923; of which Rs. 6,846 are proposed to be expended, leaving a balance of Rs. 3,077 at the end of the year.

	Total.....	3,867	4,059	6,846

7. *IV. Conservancy.*—The estimate for 1890—91 included 3 months' cost of a peon on Rs. 6, 2 sweepers on Rs. 4 each and of the hire of a cart at Rs. 14 per mensem, sanctioned in Government Proceedings dated 10th December 1890, No. 10530-2—1396-L. 122, whereas the present estimate includes their cost for the whole year. Hence the increase in the present estimate, which is passed.

8. *VII. Lighting.*—The cost of lighting is estimated at 0—13—4 per lamp per mensem, while the rate in 1890—91 was Rs. 0—12—0 only. The cause of the increased rate is not explained. The omission should be supplied. Meanwhile the estimate will stand.

9. *VIII. Public Works.*—The provision made, which is for the marginally noted works, is approved. The Government however note that the water supply project, for which a provision of Rs. 2,000 is made, is likely to cost Rs. 6,000 more. It is not stated how the expenditure will be met. The Deputy Commissioner is requested to report the matter and not to commence the work without further orders.

10. *XI. Miscellaneous.*—The increase under this head compared with the estimate for 1890—91 is in "(*h*) Other items" and is due to the proposed entertainment of a qualified gardener on Rs. 5 per mensem for preparing graft mango plants, &c., and to the new provision of Rs. 50 for unforeseen expenditure. The entertainment of the gardener proposed is sanctioned and the estimate approved.

11. The closing balance is larger than 30 per cent of the receipts by Rs. 1,675. But it is stated to have been reserved for the construction of a market.

Davangere.

12. The income of this Municipality for the year 1891—92 is estimated at Rs. 3,285 against Rs. 3,490, the actuals of 1889—90.

13. *I. Octroi.*—The decrease is stated to be due to the reduction of duty on Indian-made piece goods from 3 to 2 per cent authorized in Government Proceedings dated 22nd January 1891, No. 11688-95—239. The estimate is approved, but the information called for in Para 3 *supra* should be submitted.

14. *VII. Mohatarfa.*—The increase, which is chiefly under "(*a*) Shop-tax" has not been explained. The omission should be supplied. Meanwhile the estimate will stand. It is however noted that the correct total of the actuals given under this head is Rs. 907 and not Rs. 903 as entered in the Statement No. I.

15. *X. Miscellaneous.*—The decrease under this head is chiefly in the items noted in the margin. The decrease in "(*a*) Sale of house sites" is stated to be due to there being less number of sites available for sale in 1891—92. The estimate under "(*f*) *School fees*," is based on the probable collections of 1890—91; but it is not explained why the probable receipts in 1890—91 fell so much below the actuals of 1889—90. The omission should be supplied. Meanwhile the estimate will stand. The decrease under (*c*) is small and calls for no remark.

16. Including the opening balance of Rs. 3,675, the sum available for expenditure during 1891—92 is Rs. 6,960; of which Rs. 6,631 are proposed to be expended, leaving at the end of the year a balance of Rs. 329, which is less than 25 per cent of the receipts by Rs. 492. The estimated expenditure has therefore to be reduced.

17. *III. Collection.*—It is proposed to raise the pay of the Mutsaddi employed from Rs. 9 to Rs. 10 per mensem. The Government decline to sanction the increase, as funds available are not sufficient. The estimate for 1890—91 will be repeated.

18. *Conservancy.*—The pay of one peon is proposed to be increased from Rs. 4 to 5 per mensem. This is sanctioned.

19. *Lighting.*—The increased provision on account of purchasing new lamps and lighting them will be struck out for want of funds and the sanctioned estimate for 1890—91 repeated for 1891—92.

20. *VIII. Public Works.*—The provision under this head is for the marginally noted works. Owing to the insufficiency of funds, the provision of Rs. 300 under "Buildings, original" will be struck out and that under "Drains, original," reduced from Rs. 400 to Rs. 300. If any of the buildings proposed are necessary, the Deputy Commissioner may propose other transfers. It is stated that the water supply project has been undertaken by the Public Works Department and is being executed. The president is requested to quote the authority under which the work has been undertaken.

21. *IX. Charitable Grants.*—The increase of Rs. 9 over the sanctioned estimate for 1890—91 is on account of the $\frac{1}{3}$ cost of the travelling allowance to the Hospital Assistant sanctioned in Government Proceedings dated 5th February 1891, No. 12700-10—267. The estimate is approved.

22. *X. Education.*—The correct provision under this head is Rs. 288 according to the details furnished in Statement No. III and not Rs. 300 as erroneously entered in the Budget Statement No. I. The decrease of Rs. 90 compared with the sanctioned estimate for 1890—91 is stated to be due to the abolition of the post of the Assistant Master on Rs. 10 per mensem. The authority under which the post was abolished should be stated. Meanwhile the estimate will be allowed to stand.

23. *XI. Miscellaneous.*—The details under this head are as noted in the margin. The estimate is fair and is passed.

25. *I. Octroi.*—The low estimate under this head is stated to be owing to the introduction of the 2 per cent ad-valorem duty on all piece goods, whether imported from British India or foreign countries. The estimate is passed subject to the information called for in Para 3 *supra*.

26. *VIII. Rents.*—No estimate is entered under this head, as the house, from which rent was hitherto derived, has been sold.

27. Including the opening balance of Rs. 3,969, the sum available for expenditure during 1891—92 is Rs. 6,272; of which Rs. 4,512 are proposed to be expended during 1891—92, leaving a balance of Rs. 1,760 at the end of the year. The closing balance is still large, but the Deputy Commissioner states that he cannot arrange for its expenditure this year.

Police* and Rs. 150 only provided under this head. This is less than the estimate for 1890—91 by Rs. 21, which was the cost of new lamp posts and lanterns sanctioned for 1890—91.

29. *VIII. Public Works.*—The provision under this head is for the works marginally noted. The provision under (*f*) is on account of the construction of steps to the river which was provided for in the Budget for 1890-91, but not executed. The estimate is passed.

Receipts.

2. The estimated income of the Municipality for the year 1891—92 is Rs. 1,07,389 against Rs. 83,271, the actuals of 1889—90 and Rs. 1,07,189, the estimate for 1890—91 as shown in the following statement. It must be here remarked that the Budget Statements have not been prepared in accordance with the instructions contained in Government Proceedings, dated 8th December 1889, No. 6861-70—157. In column 5 of the Statement No. I, the actuals of the first half of 1889—90 are given instead of the probable collection and expenditure of the second half of 1890—91. The former figures serve no purpose. The President is requested to take due notice of the carelessness of the Clerk, who prepared the Budget Statement. The Vice-President under whose orders the statement was prepared should have noticed it.

I Octroi.—The Municipal Board propose to abolish the duty on "Butter," "Oil" and "Oil-seeds" and to tax "Kerosine Oil" and "Metals, Iron" instead and have prepared the estimate accordingly. The alteration proposed being still under the consideration of Government, it is premature to estimate the effect of the alteration. The estimate for the current year will therefore be repeated under these heads. The decrease in the estimate under Cloth is ascribed to the reduction of duty on Indian made piece goods. The estimate is approved. The estimates under the other items do not call for remark. The total estimate under Octroi will thus be Rs. * 55,350.

II Tax on Houses, &c.—It is stated that the yearly Jamabandi under this head is Rs. 14,000, and that Rs. 3,000 of the arrears of previous years are expected to be collected during 1891—92. The Government think that the estimate of Rs. 17,000 is excessive. It is not likely that the whole demand for the year will be collected within the year. The estimate will be reduced to Rs. 15,000. The cause of the very low actuals in 1889-90 should be explained.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 10th June 1891.

III License Receipts.—The estimate is stated to be based on the actuals of 1890—91 and is approved. The actuals of 1889—90 were low as the rates then in force were comparatively much less than those now charged.

IV Carriage Tax and V Tax on Animals.—The increase under "Carriage Tax" and decrease under "Tax on Animals" compared with the actuals have not been explained. The estimates will however be passed, as they are the same as those sanctioned for 1890—91.

VII Mohatarfa.—The large increase compared with the actuals of 1889—90 has not been explained. The omission should be supplied. In 1890—91, an estimate of Rs. 10,000 was passed as a large amount of arrears was stated to be outstanding and it is doubtful whether a similar sum will be collected in 1891—92. The President is requested to state the annual Jamabandi amount and the sum of arrears outstanding. Meanwhile the estimate for 1890—91 will be repeated for 1891—92.

VIII Rents.—The increase which is chiefly in (*c*) Markets is stated to be due to the extra number of market stalls to be rented out during 1890—91. The estimate is passed.

X Miscellaneous.—The new estimate of Rs. 5,139 under "(*e*) Land Revenue" is the assessment of lands within the Municipal limits of the Town, which, the Municipal Board requested, may be transferred to the Municipality. As the Government have declined to grant the application in their Proceedings, dated 7th May 1891, No. 1480-1—L. 133, the estimate will be struck out. The increase under "(*m*) Contribution" is probably due to the mileage allotment payable by the Public Works Department for the maintenance of the District Fund roads recently transferred to the Municipality. The decrease under "(*a*) Sale of houses and lands" is apparently owing to the limited number of sites expected to be sold during 1891—92. The variations under other items are small and call for no remark. The estimate passed under this head is Rs. 5,800.

The income as now estimated amounts to Rs. 98,800. Adding to this the opening balance of Rs. 11,911, the sum available for expenditure during 1891—92 is Rs. 1,10,711, of which Rs. 1,06,276 are proposed to be expended, leaving a balance at the end of the year of Rs. 4,435, which is less than 25 per cent of the receipts by Rs. 20,265. The proposed expenditure has therefore to be reduced by at least Rs. 15,000. The Budget Statement of charges will therefore be returned, with a request that it may be revised and resubmitted limiting the expenditure to Rs. 91,000, instead of Rs. 1,06,276 as now estimated. The Government have no wish to interfere with the discretion of the Municipal Board in revising the establishments, but it is absolutely necessary that the working balance of at least ¼th of the annual receipts should be maintained at the end of the year. It should be clearly understood that no proposals, which are calculated to diminish the closing balance below Rs. 20,000, will be sanctioned by Government.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 10th June 1891.

I Octroi.—In their Proceedings dated 11th January 1891, No. 11051—550, the Government sanctioned the imposition of duty on Kerosine oil and the reduction of duty on Tobacco, in the event of the Cantonment Municipality agreeing to introduce similar rates within their limits. With reference to this, the President estimates Rs. 2,000 under Kerosine oil, but under Tobacco he estimates an increase instead of decrease, as the collections within last 12 months have increased. As no Octroi duty has yet been introduced into the Cantonment Municipality, it is premature to make an estimate under "Kerosine oil," which will therefore be struck out. The estimates under the other items will be retained as they are stated to have been based on the actuals of 1890, which, however, have not been given in the Budget Statement. The estimate under Octroi will thus be Rs. 20,625.

II Tax on Houses, &c.—The demand for house sites is stated to be on the increase and new houses are likely to come into existence during 1891—92. Hence the increased estimate, which is passed.

VII Mohatarfa.—The estimate for 1890—91 was passed as it was stated that it was based on the Jamabandi of 1889—90, but the actuals of that year (1889—90) amounted only to Rs. 15,885, and there is no reason for putting the estimate for 1891—92 at a higher figure. The estimate will be reduced to Rs. 16,000.

X Miscellaneous.—It is not explained what the actuals under (*b*) Loans and Refunds were and why a reduced estimate is made for 1891—92. The omission should be supplied. The estimate under "(*m*) Contribution" is apparently based on the estimate for 1890—91, which includes a special grant of Rs. 1,000 made by the Public Works Department under special circumstances; but this cannot be expected during 1891—92 unless there are special reasons, which are not stated. The estimate will therefore be reduced to Rs. 4,800. The variations under other items are small and call for no remark.

XII Grants-in-aid.—The estimate under this head is accepted, but the President is requested to submit the information called for in Para 2 of Government Proceedings, dated 15th September 1890, No. 7786-8—883, in regard to the contribution payable by the Sivaganga Matt to the Sanskrit College at Bangalore.

The receipts of this Municipality as now sanctioned amount to Rs. 1,01,508. Adding to this, the opening balance of Rs. 14,500, the sum available for expenditure during 1891—92 is Rs. 1,16,088, of which Rs. 1,07,450 are proposed to be expended, leaving a balance of Rs. 8,638, which is less than 25 per cent of the receipts by Rs. 16,759. The proposed expenditure has therefore to be reduced by at least Rs. 12,000. The Budget statement of charges will therefore be returned with a request that it may be revised and resubmitted, limiting the expenditure to Rs. 96,000, instead of to Rs. 1,07,923, as now estimated. A portion of the establishment charges is now shown under Miscellaneous. This is not right. All establishment charges should appear either under "II Head Office," "III Collections" or "VIII Public Works" and the necessary transfers should be made in the revised Budget to be submitted. All establishment entertained for the supervision of Public Works should be exhibited under "VIII Public Works (*a*) Supervision" and not partly under that head and partly under "(*d*) Drains" as has been now done. Every endeavour should be made not to allow the cost of establishment for the supervision of Public Works exceed 10 per cent of the works. The Government have no wish to interfere with the discretion of the Municipal Commissioners in revising their establishments, but it is absolutely necessary that a working balance of at least $\frac{1}{5}$ of the annual receipts should be maintained at the end of the year. It should be clearly understood that no proposals, which are calculated to diminish the closing balance below Rs. 20,000, will be sanctioned by Government.

The revised estimate of charges should be submitted as soon as possible.

A. SRINIVASACHARLU,
Under-Secretary.

To—The President of the Bangalore City Municipality,
returning Budget Statements Nos. I, II and III.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 11th June 1891.

READ :—

The following dockets from the Deputy Commissioner, Kadur District :—

(1). Camp No. 1, dated 31st January 1891.
(2). No. 1026, dated 19th March 1891.
(3). No. 1070, dated 26th do
(4). No. 133, dated 30th April 1891.
(5). No. 184, dated 10th May 1891.

No. 2996-3008—L. 224, DATED 11TH JUNE 1891.

ORDER THEREON.—With the above the Deputy Commissioner submits the Budget Estimates of the several Municipalities of the Kadur District for the year 1891-92.

Chikmagalur.

2. The estimated income of this Municipality for the year 1891-92 is Rs. 14,300 against Rs. 16,695, the actuals of 1889-90, as detailed in the margin.

Items.	Receipts.	Actuals of 1889-90.	Estimate for 1891-92.
I	Octroi	8,148	7,500
II	Tax on houses ...	3,240	2,800
VII	Mohatarfa	2,377	1,912
VIII	Rents	270	240
IX	Fines	...	...
X	Miscellaneous ...	2,299	1,845
XI	Payments for services rendered	361	3
	Total.....	16,695	14,300

3. *I. Octroi.*—The decrease in the estimate under this head is chiefly in the items noted in the margin. It is stated that the actuals under "Jaggery" and "Tobacco" included the arrears of previous years; but it is not clear how any arrear came into existence under Octroi, the duty being levied when the dutiable article is imported. The matter should be explained. The probable collections under "Cloth" during 1890-91 are estimated at Rs. 4,093 and no reason is assigned for a lower estimate during 1891-92. The estimate will therefore be raised to Rs. 4,100.

	Actuals.	Estimate.
Jaggery ...	602	500
Tobacco ...	732	500
Cloths ...	4,170	4,000

4. *II. Tax on Houses and VII. Mohatarfa.*—The actuals of the year 1889-90 under these items are stated to include arrears of the previous years. This accounts for the decrease in the estimates, which are sanctioned.

5. *VIII. Rents.*—The probable collections under this head during 1890-91 are estimated at Rs. 204. The estimate for 1891-92 is nearly the average of the collections of 1889-90 and 1890-91 and is passed.

6. *X. Miscellaneous.*—The decrease under this head is the result of a gross decrease of Rs. 486 and of a gross increase of Rs. 32 in the sub-heads noted in the margin. The decrease in "(*a*) Sale of houses and lands" is explained to be due to the limited number of building sites available for sale. The decrease under "(*m*) Contribution" requires explanation. The other items do not call for remark. But the Government note that the loan, which the Municipality proposes to take and spend during the year for the water supply project is not shown on the receipt and expenditure sides. This should be now done in communication with the Department of Public Works.

Decrease.			Increase.		
(*a*)	Sale of lands	252	(*a*)	Pounds	31
(*g*)	Sale of manure	2	(*l*)	Notice fees and interest	1
(*j*)	Do smuggled goods	23			
(*k*)	Amarayi ...	5		Total	32
(*m*)	Contribution ...	175			
(*n*)	Other items ...	29			
	Total...	486			

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 11th June 1891.

7. *XI. Payments for the services rendered by the Municipality.*—The large decrease under this head is due to the fact that the Municipality no longer collects any seigniorage on firewood on behalf of the Forest Department. The small amount of Rs. 3 provided is stated to be the commission due to the Municipality on the duty collected by it on charcoal for the Forest Department. The Inspector General of Forests will explain how any duty continues to be collected on charcoal, while none is collected on firewood.

8. The income as now estimated amounts to Rs. 14,400. Adding to this the opening balance of Rs. 7,000, the sum available for expenditure during 1891-92 is Rs. 21,400, of which Rs. 17,761 are proposed to be expended, leaving a balance of Rs. 3,639 at the end of the year.

Items.	Expenditure.	Actuals of 1889-90.	Estimate for 1890-91.	Estimate for 1891-92.
II	Head Office ...	144	170	170

IX	Charitable Grants ...	696	740	770
XI	Miscellaneous ...	1,490	1,642	3,642 +36
	Total Rs.....	15,316	18,396	17,761

9. *III. Collection.*—The decrease in the estimate, compared with the sanctioned charges for 1890-91 is due to the discontinuance of the establishment sanctioned for the collection of seigniorage on firewood. The estimate is passed.

10. *IV. Conservancy.*—An additional provision of Rs. 503 is made in the Budget for 1891-92 on account of the items noted in the margin. The estimate for the purchase of a cart seems excessive, but it will nevertheless be passed with the hope that the Deputy Commissioner will try his best to reduce the cost. As regards the bullocks, the Deputy Commissioner is requested to consider and report whether it would not be more economical to hire bullocks than to purchase and maintain them. Pending the receipt of this information, the estimate will be allowed to stand.

		Rs.
1.	Night soil cart	150
2.	Purchase of 2 bullocks ...	60

4.	Latrine sweeper to be in charge of the cart ...	120
5.	Purchase and repair of tools to be raised from Rs. 100 to Rs. 153 ...	53
	Total Rs.	503

11. *V. Police.*—The Municipal Board request in para VI of their Proceedings, dated 10th April 1891, that the Municipality may be relieved from the burden of Police charges. Separate orders will be issued on this subject hereafter. Meanwhile the estimate is retained.

12. *VII. Lighting.*—The details of the provision under this head are shown in the margin. The estimate is sanctioned.

13. *VIII. Public Works.*—The provision under this head, consisting of the marginally noted items, is sanctioned.

(*c*)	Do repairs ...	1,500
(*d*)	Drains, original ...	500

(*i*)	Building, repairs ...	500
(*m*)	Compensation ...	300

	Total ..	4,600

14. *Charitable Grants.*—The establishment of a depôt for animal vaccination is stated to be under contemplation and consequently the vaccination charges are proposed to be raised from Rs. 20 to 50. The estimate is approved.

15. *XI. Miscellaneous.*—The increase over the sanctioned estimate for 1890-91 proposed under this head amounts to Rs. 2,036 as particularized in the margin. The new provision of Rs. 1,800 is on account of the partial repayment of the loan of Rs. 40,000 advanced to the Municipality from the Local Funds General for its water supply project. The increase under "(*d*) Rewards to dog and snake killers" is stated to be needed on account of the large number of stray dogs in the town and the increase of pay to Park Head Gardener is stated to have become necessary, as no skilled gardener could be got from Bangalore on a smaller salary. The estimate is passed.

		Rs.
(1)	Repayment of loan	1,800
(2)	Rewards to dog and snake killers ...	100
(3)	Park Head Gardener from Rs. 12 to 15 ...	36
(4)	Hedging, materials, &c.	100
	Total increase...	2,036

Tarikere.

16. The income of this Municipality for 1891-92 is estimated at Rs. 4,500 against Rs. 4,497, the actuals of 1889-90.

Items.	Receipts.	Actuals of 1889-90.	Estimate for 1891-92.
I	Octroi	1,192	920
II	Tax on houses ...	781	800
VII	Mohatarfa	983	990
X	Miscellaneous ...	1,430	1,790
XI	Payments for services rendered by Municipality ...	111	...
	Total.....	4,497	4,500

17. *I. Octroi.*—The probable collections of 1890-91 are estimated at only Rs. 907, while the actuals of 1889-90 were Rs. 1,192. The estimate for 1891-92 seems therefore fair and will not be disturbed.

18. *X. Miscellaneous.*—The increase under this head is chiefly in "(*a*) Sale of houses and lands" and "(*m*) Contributions". The increase under (*a*) is probably due to the larger number of house sites expected to be sold during 1891-92 and the new provision under (*m*) is stated to be on account of the mileage allotment payable by the Public Works Department for the repair of the Provincial roads within the limits of the town; but the Government note that the amount payable for the Provincial road is only Rs. 235 (*Vide* Proceedings, dated 10th December 1890, No. 10515-2—110) and not Rs. 250. The Deputy Commissioner is requested to explain the difference. Meanwhile the estimate will not be disturbed.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 11th June 1891.

19. Including the opening balance of Rs. 4,138, the sum available for expenditure during 1891-92 is Rs. 8,638, of which Rs. 6,875 are proposed to be expended, leaving a balance of Rs. 1,765 at the end of the year.

Items.	Expenditure.	Actuals of 1889-90.	Estimate for 1890-91.	Estimate for 1891-92.

X	Education	326	360	432
XI	Miscellaneous ...	95	95	99
	Total.....	3,921	6,280	6,875

20. *III. Collection.*—The increase over the sanctioned estimate for 1890-91 is due to the proposal to raise the pay of the Overseer from Rs. 8 to 10 per mensem on condition of his acquiring a knowledge of estimating and measuring. The increase is sanctioned and the estimate approved.

21. *IV. Conservancy.*—It is proposed to raise the pay of the Peon from Rs. 5 to 6, that of 11 male Sweepers from Rs. 5 to 5½ each and that of 4 female Sweepers from Rs. 4 to 4½ each involving an additional cost of Rs. 108 over the sanctioned estimate for 1890-91. The estimate is sanctioned.

22. *V. Police.*—The increase of Rs. 200 over the sanctioned estimate for 1890-91 is due to the provision made for a first class Constable on Rs. 7 and for a second class Constable on Rs. 6 proposed to be newly entertained and for the increase of the Dafadar's pay from Rs. 10 to 13. An increase of Rs. 8 is also provided under Clothing. The estimate will be retained, but the employment of new hands and the increased pay proposed require the sanction of the Inspector General of Police.

23. *VII. Lighting.*—During the current year, it is proposed to purchase 6 new lamp-posts, &c., at a cost of Rs. 150 and to substitute them for the old ones in the main bazaar. This accounts for the increase under this head. The estimate is sanctioned.

24. *VII. Public Works.*—The works proposed to be executed during 1891-92 are detailed in the margin. The estimate is passed.

		Rs.
(*b*)	Roads, original ...	400
(*c*)	Do repairs ...	800
(*d*)	Drains, original ...	500
(*e*)	Do repairs ..	178
(*g*)	Water supply, repairs	100

(*i*)	Do repairs ...	100
(*k*)	Other works (Dust bins) original ...	50
(*m*)	Compensation ...	500
(*o*)	Reserve ...	18
	Total...	2,846

25. *IX. Charitable Grants.*—The decrease under this head is due to no provision having been made for the Dayi sanctioned in 1890-91, she having resigned her appointment and there being no probability of another taking up the post at present. The estimate is approved.

26. *X. Education.*—Provision is newly made for the ¾ cost of the 2nd Assistant Master on Rs. 8 per mensem sanctioned in the Proceedings issued in the Education Department, dated 27th March 1890, No. 1069. This accounts for the increase in the current year's estimate, which is sanctioned.

Birur.

27. The estimated income of this Municipality for 1891-92 amounts to Rs. 2,595 against Rs. 2,527, the actuals of 1889-90.

Items.	Receipts.	Actuals of 1889-90.	Estimate for 1891-92.
I	Octroi	727	720
II	Tax on houses ..	663	670
VII	Mohatarfa	649	656
IX	Fines	2	...
X	Miscellaneous	431	549
XI	Payments for services rendered	55	...
	Total.....	2,527	2,595

28. *X. Miscellaneous.*—The increase under this head is mainly in "(*f*) School fees" and "(*m*) Contributions". The new estimate under (*m*) is the contribution payable by the Public Works Department for the maintenance of the Provincial road within the Municipal limits of the town. The increase under "(*f*) School fees" is justified by the probable collections in 1890-91. The estimate is passed.

29. *XI. Payments on account of services rendered.*—The Municipality no longer collects any seigniorage on firewood on account of the Forest Department. No estimate is therefore made under this head.

30. Including the opening balance of Rs. 9,004, the sum available for expenditure during 1891-92 is Rs. 11,599, of which Rs. 4,929 are proposed to be expended, leaving a balance of Rs. 6,670 at the end of the year. The large balance is probably reserved for the water supply project of the town now under contemplation.

Items.	Expenditure.	Actuals of 1889-90.	Estimate for 1890-91.	Estimate for 1891-92.
II	Head Office ...	54	54	54

XI	Miscellaneous ...	55	90	90
	Total.....	1,735	7,184	4,929

31. *III. Collection.*—In lieu of the Karkun on Rs. 7 per mensem sanctioned for the past year, it is proposed to appoint a Kolkar on Rs. 5 and to allow 5 per cent commission to the Sayer Manegar for the trouble of collecting octroi duty. The charges proposed thus amount to Rs. 95, besides Contingencies (Rs. 6), or 14 per cent of the collections. The charge is high, but as the Municipality does not think that a better arrangement is possible, the Government sanction the proposal. The estimate is passed.

32. *IV. Conservancy.*—The increase under this head is due to the provision made for 2 additional Sweepers proposed to be employed for the conservancy of the houses recently built in the western extension of the town. The proposed entertainment of the additional Sweepers is sanctioned and the provision made for them approved.

33. *VIII. Public Works.*—The provision under this head consisting of the marginally noted items is accepted. But the Government note that the employment of Overseer was sanctioned for only one year. If his services are required for a longer period, a fresh application should be submitted showing the necessity for his retention.

		Rs.
(*a*)	Supervision Establishment	120

34. X. *Education.*—In the Budget for 1890-91, provision was made only for 8 months in the year, while in the current year's Budget, the charge for the whole year is provided. This accounts for the increase in the estimate, which is sanctioned.

35. The income of this Municipality for 1891-92 is estimated at Rs. 1,600 against Rs. 1,470, the actuals of 1889-90.

	Total.....	1,470	1,600

36. *I. Octroi.*—The decrease under this head is apparently based on the probable collections of 1890-91. The estimate is passed.

37. *VIII. Rents.*—The new estimate is the income expected to be derived from the mango tope belonging to the Municipality. The estimate is passed.

38. X. *Miscellaneous.*—The increase under this head is mainly due to the new estimate under "(*a*) Sale of houses" and "(*m*) Contributions". Under the latter item, a sum of Rs. 150 is entered on account of the contribution payable by the Public Works Department for the maintenance of the Provincial road in the town and that under the former is the amount expected from the house sites to be sold during 1891-92. The estimate is approved.

39. *XI. Payments for Services rendered.*—The Municipality no longer collects any seigniorage on firewood on account of the Forest Department and no estimate is therefore made under this head.

40. Including the opening balance of Rs. 3,455, the sum available for expenditure during 1891-92 is Rs. 5,055, of which Rs. 3,160 are proposed to be expended, leaving a balance of Rs. 1,895 at the end of the year.

41. *IV. Conservancy.*—It has become necessary to increase the hire of the Municipal cart from Rs. 15 to 18 per mensem. Hence the increase in the estimate, which is sanctioned.

42. *V. Police.*—No provision is made under this head as the Municipality does not maintain Police force, but the Deputy Commissioner is requested to state the purpose for, and the authority under which Rs. 11 were expended during 1889-90.

43. *VIII. Public Works.*—The provision for works consisting of the marginally noted items is passed. Considering the balance on hand, the Deputy Commissioner is requested to propose a further allotment of Rs. 1,000 for useful works.

45. The receipts of this Municipality for 1891-92 are estimated at Rs. 858 against Rs. 626, the actuals of 1889-90.

46. *X. Miscellaneous.*—A sum of Rs. 200 is newly entered as the amount of contribution payable by the Public Works Department for the maintenance of the Provincial road within the Municipal limits. The estimate is passed.

47. *XI. Payments made for Services rendered.*—The Municipality no longer collects any scigniorage on firewood on account of the Forest Department; no estimate is therefore made under this head.

48. Including the opening balance of Rs. 853, the sum available for expenditure during 1891-92 is Rs. 1,711, of which Rs. 1,496 are proposed to be expended, leaving a balance of Rs. 215 at the end of the year.

49. *III. Collection.*—During 1890—91, an allowance of Rs. 6 was paid to the Sayer Manegar for the trouble of collecting octroi duty, but during 1891-92 a Mutsaddi on Rs. 6 per mensem is proposed to be entertained in addition, to help the Sayer Manegar in the collection of octroi and to supervise the conservancy and lighting of the town. This raises the provision to Rs. 78, which is sanctioned. But as it will not be right to debit the whole charge to octroi collections, it will be apportioned as shown in the margin.

50. *IV. Conservancy.*—A special provision was made in the Budget for 1890-91 for clearing rank vegetation in the town. There is no similar provision in the Budget for 1891-92. Hence the decrease. The estimate is approved, but Rs. 53 will be added to it with reference to the remarks made in the preceding para.

51. *VII. Lighting.*—The Municipal Board proposed to introduce lighting into the town and provide Rs. 100 on account of lamp-posts, lanterns, chimneys and the cost of lighting. The estimate is fair and is passed, with an addition of Rs. 10 for supervision.

The estimate under (*m*) is new and represents the amount of contribution payable by the Public Works Department for the maintenance of the Provincial road in the town. The increase under "(*d*) Pounds" is justified by the probable collections of 1890-91. The estimate is passed.

56. Including the opening balance of Rs. 3,023, the sum available for expenditure during 1891-92 is Rs. 5,723, of which Rs. 2,300 are proposed to be expended, leaving a balance of Rs. 1,423 at the end of the year.

57. *III. Collection (b) House Tax.*—A provision of Rs. 20 is newly made on account of an allowance proposed to be given to the Shanbhog for Mohatarfa collections. The necessity for the allowance is not stated. The Deputy Commissioner is requested to state whether Pakka Potigi settlement has not been introduced into the town and if so whether Mohatarfa collections have not been taken into account in fixing the Potigi remuneration to the Shanbhog. Meanwhile the estimate will not be disturbed.

58. *IV. Conservancy.*—An increase of Rs. 122 over the sanctioned estimate for 1890-91 is provided on account of the marginally noted items, which are stated to be necessary. The estimate is sanctioned.

63. *I. Octroi.*—The probable collections of 1890-91 are estimated at Rs. 1,270 and there is no reason why the estimate for 1891-92 should be less. The estimate will be raised to Rs. 1,250.

64. The income as now estimated amounts to Rs. 1,630. Adding to this the opening balance of Rs. 895, the sum available for expenditure during 1891-92 is Rs. 2,525, of which Rs. 2,020 are proposed to be expended, leaving a balance of Rs. 505 at the end of the year.

The increase and the new appointment recommended are sanctioned. The estimate is approved.

No. 3148-59—L. 232, DATED 17TH JUNE 1891.

ORDER THEREON.—The Government resolve to review the Budget Estimates of the several Municipalities of the French Rocks Sub-Division for the year 1891—92.

Seringapatam.

2. The estimated income of this Municipality for the year 1891—92 is Rs. 8,807 against Rs. 8,795, the actuals of 1889—90.

Items.	Receipts.	Actuals, 1889—90.	Estimate, 1891—92.

IX	Fines	9	10
X	Miscellaneous	1,285	1,301
	Total.....	8,795	8,807

3. *I Octroi.*—The increased estimate under this head is justified by the probable collections (Rs. 3,404) of 1890—91 and is passed.

4. *II Tax on Houses and VII Mohatarfa.*—The estimates under these heads are also based on the probable collections of 1890—91, but it is not explained why the probable collections of the year were less than the actuals of 1889—90. This should be now done. Meanwhile the estimates will stand.

5. *X Miscellaneous.*—The estimate under this head is fair and calls for no remark.

6. Including the actual balance in favor of the Municipality on 1st April 1891, *viz.*, Rs. 3,396, the sum available for expenditure during 1891—92 is Rs. 12,203, of which Rs. 9,861 are proposed to be expended, leaving a balance of Rs. 2,342 at the end of the year.

7. *II Head Office.*—The provision under this head consists of (1) Rs. 324, the pay of the Clerk employed under the Amildar of Seringapatam for the management of the Seringapatam Municipality and (2) Rs. 152, the quota payable by the same Municipality towards the pay of the Clerk employed in the President's office. The pay of the latter is proposed to be raised from Rs. 15 to 20 per mensem. This is sanctioned. The Government however observe that the pay and contingencies of the Clerk employed in the President's Office is not distributed among the several Municipalities on any principle. It should in future be distributed as shown in the margin. This done, the provision for this Municipality will amount to Rs. (324 + 180), which will be inserted in the Budget.

8. *IV Conservancy.*—The increase of Rs. 5 to the Overseer, which was temporarily sanctioned in Government Proceedings, dated 31st March 1891, No. 14627-8—1953 L. 438, is now proposed to be made permanent. This is approved.

9. *VII Lighting.*—The number of lamps lighted during 1890—91 was only 48 and 13 additional lamps, which were purchased in 1890—91, are to be lit during 1891—92. Hence the increase in the provision, which is sanctioned.

10. *VIII Public Works.*—The provision made is for the marginally noted works. The reserve is a great deal too much and will be reduced to Rs. 50.

11. *X Education.*—In accordance with the Education Secretary's docket, dated 10th February 1891, No. 6642, to the address of the Deputy Commissioner of Mysore, a sum of Rs. 150 is newly entered on account of the contribution payable by the Municipality for the repairs of the school house of the Municipal English school. The provision is sanctioned, but it will be transferred to "VIII Public Works (*n*) Educational repairs."

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 17th June 1891.

14. *II Tax on Houses and VII Mohatarfa.*—The decrease under these heads is justified by the diminished probable collections of 1890—91. The estimates are passed. The cause of the decrease in the collections of 1890—91 should have been stated.

15. *X Miscellaneous.*—A new estimate of Rs. 75 is entered under "(*m*) Contributions" on account of the mileage allotment payable by the Public Works Department for the maintenance of the Provincial road in the town. This accounts for the increase in the estimate, which is sanctioned.

16. Including Rs. 1,176, the actual balance in favor of the Municipality on 1st April 1891, the sum available for expenditure during 1891—92 is Rs. 1,769, of which Rs. 1,216 are proposed to be expended, leaving at the end of the year a balance of Rs. 553 and not Rs. 543 as entered in the Supplemental Budget Statement submitted with the docket of the Deputy Commissioner, dated 11th May 1891, No. 158.

17. *II Head Office.*—In accordance with the re-distribution of charges under this head sanctioned in para 6 *supra*, the provision made will be altered to Rs. 12.

18. *VII Lighting.*—Having regard to the insufficiency of the annual receipts, a smaller provision is stated to have been made under this head. The estimate is passed; but the President will be requested to state how he proposes to effect diminution in the cost, whether by decreasing the number of lamps or reducing the cost of lighting.

19. *VIII Public Works.*—The provision of Rs. 400 proposed is on account of the construction of drains and is approved; but the President is requested to state why no provision is made for road repairs, although on the side of receipts Rs. 75 are entered as contribution for a Provincial road.

20. *XI Miscellaneous.*—The decrease in the estimate proposed is in the items noted in the margin. The estimate is approved.

21. The total expenditure proposed by the Municipality exclusive of the Public Works amounts to Rs. 816, while the receipts are only Rs. 596 Although the current year's expenditure can be met from the balance on hand, it is not right that the ordinary expenditure should exceed the ordinary receipts. The Deputy Commissioner is requested to propose further reductions next year unless the receipts improve.

26. *VII Lighting.*—The increase compared with the sanctioned estimate for 1890—91 has not been explained. This should be now done. Meanwhile the estimate will stand.

27. *VIII Public Works.*—The marginally noted works are proposed to be executed during 1891—92. The estimate is sanctioned. Considering the balance available, the Deputy Commissioner is requested to propose an additional expenditure of Rs. 1,400 for useful works.

43. *VII Lighting.*—During 1891—92 12 lamps are proposed to be lighted against 10 in 1890—91. This does not explain the whole increase provided. Probably a portion of the increase is for the purchase or repair of lamp-posts. This should be explained. Meanwhile the estimate will stand.

44. *VIII Public Works.*—The provision under this head, which is for the marginally noted works, is passed. As there is still a large balance, the President is requested to propose a further allotment of about Rs. 1,500, if it can be spent on useful works during 1891—92.

This is sanctioned. No provision is made for rewards to dog and snake-killers, while there was an estimate of Rs. 10 in 1890—91. Hence the net increase of Rs. 10 in the estimate which is sanctioned.

59. Including Rs. 732, the actual balance in favor of the Municipality on 1st April 1891, the sum available for expenditure during 1891—92 is Rs. 1,080, of which Rs. 938 are proposed to be expended, leaving a balance of Rs. 142 at the end of the year.

But the President is requested to explain how it was possible to obtain such a large increase over the actuals.

67. *II Head Office.*—In accordance with the re-distribution of charges under this head sanctioned in para 6 *supra*, the provision made will be reduced from Rs. 15 to 9.

68. *IV Conservancy.*—It is stated that 1 of the 2 Sweepers on Rs. 2 per mensem each having given up her service, an increase of pay of 1 rupee to the salary of the other was allowed and the balance left unutilized. This accounts for the decrease in the estimate which is passed.

69. *VII Lighting.*—The decrease is not explained. The estimate will however be passed.

70. *VIII Public Works.*—The works, for which the estimate is made, are not mentioned. It should be stated how the money is proposed to be spent.

73. The Government note that the estimate now passed, exclusive of the provision under VIII Public Works, is still in excess of the annual receipts by Rs. 195. Endeavour should be made to curtail the estimate next year unless the receipts improve.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial)—dated 24th June 1891.

READ :—

From the Deputy Commissioner, Kolar District, To the Chief Secretary to the Dewan of Mysore, No. 708—171, dated 3rd June 1891.

I have the honor to state that the late Chief Commissioner's order No. 6356-64—639, dated the 26th February 1880, lays down that where security in immovable property is taken from the officials responsible for public money, it should be for double the amount of the money security provided for, but no such condition is specified in Section VIII of the Mysore Land Revenue Rules containing the necessary provisions on the subject.

I beg therefore to be instructed whether the first mentioned ruling is to be considered as having been superseded by the rules last quoted. The information is required to enable me to dispose of the case of the Deputy Shroff of the District Treasury, who has furnished part of his security in Government Savings Bank Deposit of Rs. 500 and has for the remaining half offered a house valued by the Kolar Amildar at Rs. 600.

No. 3398-3406—CIR. 54, DATED 24TH JUNE 1891.

ORDER.—The rules passed under the Mysore Land Revenue Code supersede those contained in the Chief Commissioner's Proceedings No. 6356-64—639, dated 26th February 1880, *vide* Notification No. 150, dated 22nd July 1890.

A. SRINIVASACHARLU,
Under-Secretary.

To—The Deputy Commissioner of Kolar.
The Deputy Commissioners of other Districts.
The Comptroller.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 27th June 1891.

READ THE FOLLOWING PAPER :—

From the Superintendent, Mysore Government Press, To the Chief Secretary to the Government of Mysore, No. 735, dated Bangalore, 6th December 1890.

In compliance with your Camp No. 506, dated 18th November 1890, I have the honor to wait on you with a Proposition Statement for a revision of the Fixed Establishment of the Government Press.

2. The Fixed Establishment is divided under four heads :—

(1) Supervision and Control,
(2) Office Branch,
(3) Proof Examination Branch, and
(4) Working Branch.

For ready reference and comparison, I have placed side by side the Press Establishment as it was under Mr. Garrett (late Mysore Commission), as it now stands, and as proposed. These are marked on the Statement A, B and C respectively, and may be shortly summarised as follows :—

	Section.	Scale A.			Scale B.			Scale C.		
1	Supervision and Control	600	0	0	150	0	0	250	0	0
2	Office Branch	170	0	0	198	0	0	260	0	0
3	Proof Examination Branch	200	0	0	184	0	0	230	0	0
4	Working Branch	590	0	0	440	0	0	418	0	0
	Total.....	1,560	0	0	972	0	0	1,158	0	0

I may add here that the scale of Fixed Establishment during the term of Mr. Hudson in the Press, *i. e.*, from 1881 to 1886, was Rs. 1,108 as will be seen on reference to Period B, in second enclosure of this letter. The increase to the Fixed Establishment therefore, as proposed by me, Scale C, is Rs. 186 over present Scale B, and less than Scale A by Rs. 402.

3. I have strengthened the Press Establishment in the Office and Proof Branches, and while maintaining the efficiency of the Working Branch, I have abolished various posts which properly should come under the Piece Work Establishment.

4. I would now beg to invite your attention to Enclosure No. 2. This is an abstract showing at a glance—

(1) Cost of Superintendence and Establishment,
(2) Value of work done yearly, and
(3) Savings or profit to Government—

during the three periods of the existence of the Press, *viz* :

Under Mr. Garrett—Period A.
„ Mr. Hudson—Period B.
„ myself—Period C.

From this it will be seen that though the Establishment during Period A was one-third greater than in Period C (present time), yet the work actually done in the latter is 10 per cent more and the savings to Government are nearly 50 per cent more. These figures are taken from Press Records and bear strong testimony to the efficient and economical manner in which I have worked the Press. Compared with Period B—Mr. Hudson's—the results are still more striking and satisfactory.

5. I trust that the above will be found satisfactory and that you will be so good as to obtain the Dewan Bahadur's sanction for the Revised Scale to come into effect from the 1st January 1891.

No. 3606-7—379, DATED 27TH JUNE 1891.

ORDER THEREON.—Government observe that in the Government Press work has much increased and that it is often badly done. The Press Superintendent complains of the insufficiency of the fixed establishment and submits proposals for revising and increasing the existing scale.

2. The existing scale is shown under heading Scale B in the statement received with the Press Superintendent's letter No. 735, dated 6th December 1890.

3. The proposals of the Superintendent involve an increase to the salaries of some existing hands, the entertainment of additional hands and the discharge of certain hands no longer useful. The financial effect of these proposals is summarised below :—

Branch.	Increase to existing hands.	Cost of new hands.	Saving by reduction.	Net result, plus or minus.
Office ...	Rs. 27	Rs. 35 (for 2 hands)	...	+Rs. 62
Proof Examination .	„ 5	„ 70 (for 3 hands)	Rs. 29	+ „ 46

	Rs. 57½	Rs. 143	Rs. 114½	+Rs. 108 — „ 22 =+ „ 86

4. The Superintendent's proposals are sanctioned in so far as they relate to the entertainment of additional hands and the discharge of hands not required The recommendation for increased pay to existing hands cannot be sanctioned, as the quality of work turned out by the Press is inferior and full of errors, and no mere increase of pay can be expected to make better workmen of the present hands. The circumstances indicate more the need for getting rid of the present inefficient hands (especially in the Proof Department) rather than that of adding to their pay. If better work is turned out, then, there would be grounds for increasing the pay of the really deserving hands, but not otherwise.

5. The sanction above given to additional establishment costs Rs. 1,716 per annum as follows :—

7. None but competent and eligible men should be selected for the newly created posts. Their names and qualifications should be reported.

ORDER THEREON.—Under the existing rules, Deputy Amildars cannot be recognized as *ex-officio* Members of the District Fund Board, nor can they be appointed as non-official Members. They may however be asked to be present at the Meetings and give their advice.

PART I

MILITARY.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Military),—dated 12th June 1891.

READ THE FOLLOWING PAPER :—

Report on the Military Department for the year 1889-90.

No. 3825-33—CIR. 68, DATED BANGALORE, 12TH JUNE 1891.

ORDER THEREON.—The Mysore Local Military Force consisted during the year under review, of 2 Regiments of Cavalry (Silahdars) and 3 Battalions of Infantry (Barr Sepoys).

2. The strength was as follows :—

Cavalry	...	...	...	...	1,177
Infantry	...	...	...	...	1,890
Recruit Boys	...	...	...	...	19
				Total.....	3,086

Compared with the figures of 1888-89, there was an increase of 9 men in Cavalry and 32 in Infantry.

3. The following comparative statement shows the number of men of each caste in the force for 1888-89 and 1889-90.

Castes.	Cavalry.		Difference.	Infantry.		Difference.
	1888-89	1889-90		1888-89	1889-90	
Christians	8	8	...	124	126	+ 2
Musalmans	641	636	— 5	1,036	1,052	+ 16
Brahmins and Rajputs	80	74	— 6	139	146	+ 7
Mahrattas	407	416	+ 9	141	147	+ 6
Gentus	...	...	...	31	30	— 1
Other Castes	32	43	+ 11	387	389	+ 2
Total.....	1,168	1,177	+ 9	1,858	1,890	+ 32

Musalmans preponderate in the force, especially in the Infantry, and this is explained to be due to eligible Hindu recruits not coming forward to be enlisted. Every endeavour should however be made to introduce men of other classes.

4. The 1st Regiment of Cavalry was stationed at Mysore with a detachment in Shimoga. The 2nd Regiment was stationed at Bangalore with detachments in Kolar and Tumkur Districts. The 1st Battalion of Infantry was quartered at Shimoga with detachments in Chitaldroog, Kadur, Hassan and Shimoga Districts; the 2nd Battalion at Bangalore with detachments in Kolar and Bangalore Districts; and the 3rd Battalion at Mysore with detachments in Tumkur and Mysore Districts.

5. Three Squadrons of the 2nd Regiment which assisted in the field Manœuvres held in February 1889 were very favorably noticed by Brigadier-General Bengough. Both Regiments of Cavalry subsequently took part in the Camp of Exercise held at Bangalore in January 1890.

6. The casualties during the year under review were 48 in the Mounted Branch and 77 in the Infantry as against 68 and 230 of the previous year.

7. The total number of horses admitted to the ranks during the year under report was 101, of which 58 were purchased, the remaining 65 having been transferred from the Kunigal Farm. There were in all 1,081 horses and mares forming the strength of the establishment at the end of the year and they are classified as follows :—

English	1	744	Horses
Arabs	194		
Australians	194		
Stud Breds	334		
Mahrattas	45	337	Mares
Persians	235		
Northerns	77		
Katewar	1		
Country bred	1		
Total	1,081		

8. According to the reports received from the Veterinarians, 345 cases in the 1st Regiment and 570 in the 2nd, were treated during the year for various ailments. The health of the horses was otherwise good.

9. A sum of Rs. *40,200 was expended during the year in the construction and repair of the Military Buildings connected with the Silahdar and Barr Forces.

	Rs.	As.	P.
*Silahdar Lines	31,718	8	1
Barr Lines	8,481	5	1
Total	40,199	13	2

10. The closing balances of the Chanda, Stables, Stallion and Repair funds, were respectively Rs. 10,202—15—10, Rs. 110—3—10, Rs. 4,219—3—8 and Rs. 170—7—1.

11. The total cost of the Mysore Force (Cavalry and Infantry) for the year under review was Rs. 7,36,266 against Rs. 7,23,653 in 1888-89.

12. The Store Department turned out good work in making clothing for the men of the Silahdar and Barr Forces and in repair of saddlery and accoutrements of both Regiments of the Cavalry.

13. The drill of the Battalions in Bangalore and Mysore received careful supervision. Officers of the Shimoga Regiment were brought in from time to time for instruction, the recruits of that Regiment receiving a proper drill in Bangalore before being sent to their Head-quarters.

14. The Military Secretary in para 7 of his report remarks that the Battalion at Shimoga is short-handed, while the escort duty there is far heavier than in any other District, and that little attention is paid by the Treasury Officer to the rules regulating escorts for treasure. The Deputy Commissioner will submit a report on the point, and suggest a remedy after placing himself in communication with the Military Secretary.

A. SRINIVASACHARLU,
Under-Secretary.

A piece of wet land below the tank of Tattamachanhalli village, which was in the enjoyment of Petitioner's family for a long time, is alleged to form part of the said Kayamgutta village, and the villagers confirm the allegation. But it would appear that for want of sufficient proof in support of the allegation, the land was treated as Government land and brought under Survey operation. Petitioner being away from the village at the time of Settlement, the Survey Department concluded from his absence that he agreed to have the land on kandayam tenure and imposed on it an assessment of Rs. 12 and the patta was made out in the name of Petitioner's father. As the pattadar failed to pay up the arrears of Rs. 46—0—5 due on the land for 1883-84—1886-87, and as his movable property was inadequate to meet the demand, the land itself was put up to auction without any bid therefor. Thereupon Petitioner's right and title to his share in the aforesaid kayamgutta village of Gururayanhosur were duly attached. Petitioner appealed against this and requested remission of the arrears on the ground that the land had been lying waste since it was assessed by the Survey Department. Under the peculiar circumstances of the case, the Government sanctioned the remission of the arrears (Rs. 46—0—5) due by Petitioner, the land on which the arrears were due being considered as having been bought in by Government.

3	2911--P. 55.	Do	The Deputy Commissioner of the Mysore District.	The Deputy Commissioner of Mysore in his letter No. 1379, dated 17th February 1891, reported for the information of Government the following facts connected with the sale of land No. 386 at Bellagola, Seringapatam Taluk. 2. One Viné Setu Rao of Mysore owed Rs. 7 on account of kandayam on the said land for the year ending 31st March 1890. As the arrear was not paid pursuant to the demand notice served on both the tenant on land and the defaulter's brother-in-law, the land was attached and sold on 29th October 1890. It was pur-

				chased by one Channegauda for Rs. 54. The Deputy Commissioner further stated that as French Rocks Sub-Division Officer he had confirmed the sale on 5th December 1890 in the ordinary course without any knowledge of the facts at the time, and recommended the cancelment of the sale on the grounds that a portion of the defaulter's valuable inam had been wrongly measured and included in the Government land sold to the aforesaid Channegauda, that the price realized therefor was far short of the value of the land and that the defaulter had all along been petitioning the Taluk authorities and the Superintendent of Revenue Survey on the subject. The Deputy Commissioner subsequently submitted the records of the case with his docket No. 186, dated 25th May 1891. Under the circumstances stated in the foregoing report and after hearing the parties concerned, the Government authorized the Deputy Commissioner to cancel the sale of the land of Vinó Setu Rao held on 29th October 1890 and to refund to the purchaser Channegauda a sum of Rs. 54 paid by him. Information was also given that the owner of the land, Setu Rao, agreed at the hearing to pay Channegauda interest on the above sum at 12 per cent per annum for the period it had been with Government, and that Channegauda consented to accept it. The Deputy Commissioner was requested to see that the agreement was carried out.
4	3021--P. 28.	8th	The Deputy Commissioner of the Tumkur District.	Appeal No. 464 of 6th June 1890. *Appellant.* *Vs.* *Respondent.* Kapani of Kunigal Taluk, Tumkur District. — Honnegauda. Respondent applied for No. 28, a ruined tank, in 1884. One Ahobalasastri applied for it also, and the land was put up to auction in August 1884 at which Ahobalasastri bid for it for Rs. 2. The amount of the bid being small, the sale was cancelled. The Respondent renewed his claim and the Deputy Commissioner of Bangalore, within whose jurisdiction the village was then situated, granted the land to him on 31st March 1886; but as the taluk in which the land under notice was situated was on that date transferred to Tumkur, the papers were ordered to be sent to

				the Deputy Commissioner of that District. The Deputy Commissioner of Tumkur took no final action in the matter till 27th February 1890 when he ordered the land to be made over to Respondent according to the Bangalore Deputy Commissioner's order dated 31st March 1886 on his agreeing to pay the value of the trees standing on the land. 2. Appellant presented a Petition to the Deputy Commissioner of Tumkur in September 1888 offering Rs. 100 for the land. This was referred to the Amildar for disposal. The Amildar made no report upon this, but on the receipt of the order of the Deputy Commissioner, dated 27th February 1890, making over the land to Respondent, the Amildar brought the claims of Appellant and Ahobalasastri to notice, and no final orders have been passed on the subject. The land does not appear to have been yet made over to Respondent. *Decision.*—Under the circumstances above set forth, the Government resolved to send back all the papers to the Deputy Commissioner of Tumkur with a request to sell the land again in public auction and give it to the highest bidder. The order passed in 1886, in favor of Respondent, which was not acted upon, and the subsequent order issued with reference thereto in February 1890, were cancelled.
5	3022--P. 57.	8th	The Deputy Commissioner of the Mysore District.	Appeal No. 919 of 20th July 1888. *Appellant* .. Venkatasubbaiya of Devastanahosahalli, Mandya Taluk, Mysore District. Appellant's Cousin Krishnappa, who was Shanbhog of the village of Devastanahosahalli, died in 1887, leaving a daughter who was appointed to the post. Petitioner in his appeal complained that female heirs have no right to inherit the office and that the appointment was contrary to the Chief Commissioner's Proceedings of 1872-73. Held that a daughter is entitled to inherit the office in the absence of a son under Chief Commissioner's Proceedings No. 5 of 1872-73 (*vide* page 269, Revenue Manual), but the appellant stated that he was an undivided member of the family. 6	3023--P. 58.	8th	The Deputy Commissioner of the Mysore District.	Appeal No. 476 of 9th June 1890. *Appellant.* *Vs.* *Respondents.* Bhattada Maligc Ramanujaiya of Mysore. 1. Narasinga Mudr. 2. Venkatasubbaiya. Appellant's land was sold in a public auction for arrears of revenue on 14th October 1889, and it was purchased by the 1st Respondent for Rs. 325. On 11th December 1889, Appellant complained to the Deputy Commissioner against the legality of the sale, but his appeal was rejected on 3rd January 1890 on the ground that the complaint was not preferred within 30 days from the date of the sale. This order was appealed against. From the proceedings of the case, it appeared that the land was first sold on 8th October 1889, but that sale was, for some reason not known, set aside; and the land was again sold on 14th October 1889, when 1st Respondent purchased it. But no sale proclamation was published before the 2nd sale was held. Thus the sale was illegal and was therefore cancelled. The Deputy Commissioner was requested to re-sell the land after giving due notice. 2. The 2nd Respondent stated that he had purchased the land from the 1st Respondent and that the sale should not be cancelled, but neither he nor the 1st Respondent appeared at the hearing and substantiated his case.

Chikka Sada (absent though notice was served). A piece of land (20 × 16 yards) was sold in public auction on 30th June 1889 and Respondent purchased it for Rs. 5. Appellant, who is the Patel of the village, complained that the sale notice was not duly published, that in fact there

				was no sale, and that he was interested in the land and was willing to pay a much larger sum. The Deputy Commissioner held an enquiry and rejected the complaint on 12th July 1890. An appeal was preferred against this order. The Government were inclined to think that there was some irregularity in the conduct of the sale. In the sale notice dated 15th May 1889, there was first a note that it was published on 22nd idem, there was a report of the Shekdar, dated 31st May 1889 that he was not able to publish the sale notice as he was absent from the village, there was an order of the Amildar that the sale had been adjourned to 30th June the very date entered in the original sale notice, and there was a further note that the sale notice was published on 8th June 1889. The above statements conflict with each other. If the sale notice was published on the 22nd May, it was not clear why the Shekdar reported on 31st May that it was not published, and why the sale was stated to have been adjourned till the 30th June, while the date mentioned in the notice was also 30th June. It was also most extraordinary that the Patel was stated to have been absent on both the occasions of the publication of the notice and at the sale, and most of the persons said to have been present when the notice was published denied all knowledge about it. Under all these circumstances, the Government considered that there was some attempt to keep the Appellant ignorent of the sale. They therefore resolved to cancel the sale, and to order the Deputy Commissioner to re-sell the land in the presence of the Appellant after giving due notice thereof to all the villagers and to the Respondent.

Petitioner purchased certain * land at Haralahalli in a Revenue sale on 13th July 1887 for Rs. 111. It was formerly held by one B. Krishnaiya on the condition of his surrendering it when the Government repaired the tank in whose bed it was situated. In the sale notice no mention was made that the occupation of the land was conditional, but in the auction list it was stated that "the land

				which had been given to Krishnaiya for temporary cultivation, was purchased by Ramaiya." The sale certificate was issued in March 1889 with a condition inserted in it that the Government would resume the land on the restoration of the tank. Subsequently the raiyats of the village were allowed to repair the tank, and the Petitioner complained in his appeal that since he purchased the land on the assurance of the Amildar that the tank would not be repaired, the restoration of the tank entailed unexpected loss upon him, and requested that either his purchase money be refunded to him or some other land given in lieu. *Decision.*—The Government considered that strictly speaking Petitioner was not entitled to any relief, but seeing that a tank had been ordered to be constructed so soon after Petitioner purchased the land, they were pleased to direct that some other land be given in lieu. If that was not practicable, the Deputy Commissioner was authorized to refund to the Petitioner the money for which he purchased the land.

Respondent who was Patel of the village of Avati being unable to supply stones, &c., for demarcation purposes, resigned his post in favor of his cousin, the Appellant, on 18th February 1879. The Deputy Commissioner accordingly appointed the Appellant as Patel temporarily on 21st idem. 2. In December 1886, that is, nearly 8 years after his resignation, Respondent presented a petition representing that he did not voluntarily resign the office, and some of the villagers also presented a petition requesting that Respondent might be re-appointed as they had no confidence in the Appellant. The Amildar reported that Appellant was efficient but unpopular, and the Deputy Commissioner re-appointed Respondent in March 1890. This order was appealed against. *Decision.*—Held that although Appellant was not formally confirmed in his appointment,

				still he having held the office for 8 years without any fault, it would not be right to deprive him of his office on a mere vague statement that he was unpopular; that the Respondent who resigned the office at a time when he had heavy work to perform, was not entitled to any consideration; that the plea that he did not voluntarily resign was inadmissible; and that if his resignation was not voluntary, he would have complained about it immediately after the Appellant was appointed, but he did not do so for 8 years. Under these circumstances the Government cancelled the Respondent's appointment and ordered that Appellant be restored to office and that his appointment be considered as confirmed.
10	3024–P. 59.	8th	The Deputy Commissioner of the Mysore District.	Letter from the Deputy Commissioner of Mysore, dated 21st April 1890, No. 76. *Appellant* .. Badagi Basamma of Komalapur Village, Hunsur Taluk. Petitioner applied for S. Nos. 100 and 101 in the Komalapur Village, but her darkhast was refused on the ground that the Gomal land in the village was not sufficient. She appealed. *Order.*—From the papers received with the above it appears that the land applied for by Petitioner has been assessed by the Survey Department, and that the darkhast has been refused because the Gomal land in the village is not ample. The Government consider that the ground on which the darkhast was refused is not admissible. All assessed waste, as distinguished from Gomal land set apart for the common pasturage of villagers, must be given for cultivation when there is an application for the same. The Deputy Commissioner is therefore requested to dispose of the application under the rules. If the raiyats of village have any *right of passage* through the land, such right might be reserved.

				of revenue on 20th September 1888. Petitioner who is a relation of the defaulter paid the money on 5th December 1888 and requested that the sale might be cancelled, but the Treasury Assistant Commissioner refused to accept the payment and confirmed the sale. Petitioner appealed against the last order dated 22nd January 1889 The case was posted for hearing on 5th February 1891, and was adjourned to 19th March 1891 at the request of the Petitioner. It was again adjourned to 26th May 1891, but the Petitioner did not attend to substantiate his claim. Appeal dismissed.

Petitioner was the Patel of Ramasamudra. He fell into arrear of Government revenue in 1883 and allowed all his lands to be sold and now holds no lands. The Deputy Commissioner called upon the Petitioner to furnish security to the amount of a year's revenue of the village, and he having failed to do so was removed from office in May 1886. The appointment has been since given to Petitioner's divided brother. 2. Petitioner contended that the sale of his lands for arrears of revenue was not a proper ground for his removal from his hereditary office. *Decision.*—Held that Petitioner had been properly removed from office. 				ferred to the Amildar. He accordingly presented his application before the Amildar on the 17th July 1888. Respondent also applied to the Survey Deputy Superintendent for the same land on the same date, *i. e.*, 13th April 1888, and requested that it might be sub-divided into 6 numbers. This application was referred to the Amildar on 12th June 1888, with an order that the sub-division sought might be made, provided there was no objection to the grant of the land. On 30th October 1888, the Amildar granted the land to Respondent and gave an endorsement to the Appellant that the land was given to Respondent as he was the 1st Applicant. The Appellant appealed to the Sub-Division Officer Mr. Tirumalachar and he ordered on 3rd May 1889 that the land be sold in auction, since the Appellant and Respondent both applied for the land on one and the same date. But before the land was actually sold, Respondent asked the Sub-Division Officer to re-consider his order. Upon this Mr. Tirumalachar cancelled his former order and issued another on the 19th July 1889, allowing Respondent to continue in possession. The present appeal is against this order. Mr. Tirumalachar does not clearly state the grounds on which he cancelled his first order to sell the land. He observes that the two darkhasts were not presented before the Amildar on one and the same date, and that although the land ought to have been sold since the Appellant's application was received by the Amildar before the application of the Respondent was disposed of, still, as the Amildar gave the land to Respondent, his possession need not be disturbed. *Decision.*—The Government considered that the 2nd order issued by the Sub-Division Officer was wrong and accordingly cancelled it. They ordered that the land should be sold in public auction and given to the highest bidder, and that if the Respondent had incurred any expense in getting the land sub-divided, such expense be refunded to him from the sale proceeds of the land. The Appellant stated that he had a preferential right to the land as he had obtained it from the former land-lord who was an Inamdar, but it was not necessary to go into that question as he was satisfied with the present order.

Appeal No. 2621 of 5th February 1890. *Appellant.* — Lakshminarayanappa of Lingadahalli, Sagar Taluk, Shimoga District. *Vs.* *Respondent.* — Timmaiya. One Seshamma fell into an arrear of Kandayam amounting to Rs. 4—2—5 and her land No. 51 was sold in auction at which Appellant purchased it for Rs. 704. The Respondent and another who had some Mulageni right to the land objected to the sale, and the Deputy Commissioner cancelled it on the ground that the land itself was not sold as required by law, but only the occupation right of the defaulter. This order was appealed against. The Appellant contended that the difference between the sale of a land and the sale of occupation right of the same, is nominal, and that the ground assigned by the Deputy Commissioner for the cancellation of the sale was not sound. *Decision.*—Held that the sale of such a valuable property for such a small arrear as Rs. 4 was highly improper; and that apart from the objection taken by the Deputy Commissioner, the sale was not valid as its forfeiture had not been declared under Section 159 of the Land Revenue Code. The Deputy Commissioner's order was affirmed.

				Khader and Khadersha. Of these Sulemansha was first Makkandar and received the money paid from the Treasury. On his death leaving a widow Imambi, the 2nd Respondent, without issue, his brother Khadersha became Makkandar. After him again, his son Syed Husen was recognised as Makkandar. Owing to his becoming mad, his cousin, the Appellant Syed Murtuza *alias* Syedsha was recognized by the Deputy Commissioner, and arrears, which accrued during Syed Husen's lunacy, were paid to him with the sanction contained in Dewan's Office docket No. 1904-58, dated 27th June 1884. In 1886, the widow of the eldest brother complained that she had not been paid her alleged share in the Thasthik, and Syed Murtuza explained that Imambi was not known to him as Sulemansha's widow and had never received any share of the thasthik, that, on the contrary, he had won a civil suit against her in Munsiff's Court for possession of certain lands belonging to the Makkan, and that if the Sarkar declared her entitled to a share, he would pay it to her. Thereupon the then Deputy Commissioner Mr. Subba Rao referred Imambi to establish her claim in a Civil Court. She repeated her complaint to the next Deputy Commissioner Mr. Abdul Rahman who, after a summary enquiry, found that Imambi was entitled to a share, that Appellant wilfully refrained from paying her dues and that therefore he deserved punishment. Mr. Abdul Rahman suspended him and afterwards dismissing him, ordered in February 1889, 1st—that the 1st Respondent, the infant son of Syed Husen, should be registered as the Makkandar, and that Imambi (the 2nd Respondent) helped by her brother should officiate on the minor's behalf; 2nd—that the thasthik of Husensha Makkan should be divided equally between (1) Imambi (2) Syed Husen's wife and (3) Syed Murtuza; 3rd—that the thasthik of Bara Imam should be divided ito 3 parts, two of which were to be paid to these two women, the third being held in deposit pending further inquiry as to Syed Murtuza's title to it. In these circumstances Syed Murtuza appealed. *Decision.*—Held that the Deputy Commissioner Mr. Abdul Rahman was wrong in having interfered with the possession of the Appellant who was recognised by Government in 1884 as the Makkandar entitled to receive payment of the allowance, especially as there was no complaint that the service was not performed. The Deputy Commissioner's order was therefore can-

				celled. Though these allowances are granted for service and thus strictly not divisible by the several members of the family, they are in practice treated as personal, the cost of service being trifling. The Government therefore considered that Rs. 25 might be paid to the 2nd Respondent for her maintenance and Rs. 25 to the 1st Respondent for his education and the remainder to Appellant for his maintenance and service, and ordered that payments be made accordingly in future. The Appellant expressed his willingness to accept the arrangement above sanctioned.

An Inam held for service at the Manaksha Makkan at Bangalore was partly mortgaged and partly sold by the then holder Syed Murad to Ahamadsha who transferred it to the Petitioner in 1856 for a consideration of Rs. 373. Respondent's brother Syed Gaffur, who represented the original mortgager and who was the Mujavar of the Makkan, paid Rs. 249 and recovered possession of a portion of the land and the remainder is still in possession of the Petitioner. 2. In March 1889, the Deputy Commissioner directed that Respondent should pay the remaining money due and redeem the mortgage forthwith, but the Petitioner having refused to receive the payment and deliver possession over to Respondent, the Deputy Commissioner gave a notice to Petitioner in October 1889, that if he did not give up the land within 6 months, he would be ejected. 3. Petitioner appealed against this order. He stated that he is a descendant of the original Inamdar in the female line, and is therefore entitled to do service at the Makkan as well as the Respondent and added that he paid Rs. 100 in 1861 to a decree-holder who sought execution against the original Inamdar Syed Murad, which sum he was entitled to recover from the Respondent in the event of his having to make over the land to him.

				Decision.—The plea of the Petitioner that as descendant of the original Inamdar, he is entitled to hold the inam and serve at the Makkan, is inadmissible. He admitted that he did not inherit the inam but acquired it by mortgage and he had never performed any service. He also allowed Respondent's brother to redeem a portion of the mortgage. He cannot therefore now set up a new claim. He must make over possession of the inam to the Respondent within 3 months from the date of this decision on receiving payment of the balance due, *i. e.*, Rs. 124. As regards the sum of Rs. 100 which Petitioner said he had paid on account of the original Inamdar, the Deputy Commissioner was requested to make enquiry and if he found Petitioner's statement to be correct, he might order Respondent to pay that amount also. If, notwithstanding payment of the sum ordered by the Deputy Commissioner, Petitioner should refuse to make over the land to Respondent or if the Respondent should fail to pay the money ordered to Petitioner within 3 months, the Deputy Commissioner was requested to report the matter for the orders of Government.

In 1889, new Talavars having been appointed, Petitioner and the widow of the other individual were called upon to vacate the lands. The latter gave up possession, but the Petitioner declined to do so on the ground that he had improved the land, and that he received a verbal promise from the late Deputy Commissioner that his possession would not be disturbed. The verbal promise alleged was not proved. The Deputy Commissioner was therefore requested to investigate the case with reference to the claim of the 2nd Appellant and dispose of it on its merits.
9	3020—P. 6.	Do The Deputy Commissioner of the Chitaldroog District.	Appeal Nos. 533 and 584 of 21st and 22nd January 1890, respectively. *Appellants.* *Vs.* *Respondent.* Gurappa and others of Tavandi, Hiriyur Taluk. Kotappa. The Appellants and Respondent belong to two different families, but members of both the families were joint Patels of the village till the Pakka Potigi Settlement in 1876-77, when the Respondent was appointed as the sole Patel. The date of this appointment is 24th July 1877. This suit was brought by Appellants on 22nd

				August 1889, that is, nearly a month after the expiry of 12 years from the date of Respondent's appointment. The Assistant Commissioner, who heard the case, passed a decree to the effect that Appellants and Respondent should hold the office by rotation, and that the turn of the Appellants should commence on 1st April 1890. The Deputy Commissioner to whom an appeal was preferred held that the suit was barred by the Law of Limitation as it was not brought within 12 years from the date of the Respondent's appointment, and dismissed it except as regards the claim of some of the Plaintiffs who were minors at the time of the Respondent's appointment. He also held that the Respondent should not be called upon to vacate the office. Both parties appealed against this decision. The person whose suit was dismissed contended that the case was not barred by the Law of Limitation since the emoluments of the office were not enjoyed by the Respondent till a year after his appointment, from which date only the period of limitation can begin to run, and requested that the decree of the Assistant Commissioner might be upheld. The Respondent contended that his appointment having been made by Government, none of the original Plaintiffs had any right to claim the office. *Decision.*—The Government were of opinion that in a case like this, in which one of the rightful claimants to the office was appointed by Government under the general rule that there should be only one Patel in a village, the Appellants (Plaintiffs) cannot be said to have lost their right to bring a suit because they did not bring it within 12 years from the date of appointment made by Government. The adverse possession of the office by the Respondent was due to an act of Government over which Plaintiffs had no control. Nor can Appellants be said to possess the right to bring a suit while the Respondent, who was appointed by Government, is alive. Only one or the other of the claimants can hold the office at a time; and so long as one man appointed by Government is alive, the other has no right to claim the office. Service by rotation is not recognized by Government. The suit was therefore dismissed. The Appellants are at liberty to renew their claim when the office becomes vacant.

20	3479-P. 70.	24th	The Deputy Commissioner of the Mysore District.	Appeal No. 1513 of 17th September 1890. *Appellant.* *Vs.* *Respondent.* Sitamma of Melkote, Mysore District. — Ramaswamibhatta. Appellant's husband was a Pujari in the Melkote Pagoda. He died in 1886, bequeathing his Pujari right to his son-in-law, the Respondent. The right was however registered in the name of Appellant and the son-in-law was allowed to do duties for her. Appellant in her appeal requested permission to appoint another man as her gumasta, the Deputy Commissioner having refused to comply with her request, and referred her to Civil Courts. *Decision.*—Held that there was no reason whatever for keeping the Respondent in office against the will of the Appellant who is the registered hakdar. The Govt. therefore directed that Appellant be allowed to nominate any one she liked, provided the person appointed was qualified to do the service.
21	3622--P. 45.	Do	The Deputy Commissioner of the Bangalore District.	Appeal No. 1126 of 9th August 1890. *Appellant.* *Vs.* *Respondent.* Venkata Rao of Imedahalli, Bangalore Taluk. — Gurreddi. In November 1887, Appellant applied for land No. 347 on favorable terms, but the application was refused. In September 1889, Respondent applied for the same land on full assessment and it was thereupon sold in auction at which Respondent purchased it for Rs. 8¼. On the representation of the Appellant that the land was worth a great deal more, the Amildar ordered the land to be resold, but the Deputy Commissioner countermanded the order for the 2nd sale and confirmed the 1st sale at which Respondent purchased the land. Appellant complained about it, but his complaint was finally rejected in July 1890. The present appeal is against this order. 2. *Decision.*—There was no irregularity in the sale at which Respondent purchased the land,

				and the Appellant has failed to show reason wh the sale should be cancelled. Appeal therefor rejected and the sale confirmed.
22	3626.-P. 35.	24th	The Deputy Commissioner of the Tumkur District.	Appeal No. 1313 of 1st April 1890. *Appellant.* *Vs.* *Respondent.* Gangappa of Chiknayakanhalli, Tumkur District. — Hanumanta Rao. Appellant and Respondent were joint Shanbhogs of the village with 2 more, who are not related to each other. In 1886, the Amildar represented that Respondent alone was doing duties of the office from 1879-80 and the Deputy Commissioner issued an order in January 1887 that Respondent should continue to do duties. Appellant again petitioned the Deputy Commissioner, and although in the subsequent enquiry it was discovered that both Appellant and Respondent did duties jointly and divided the emoluments equally till 1886, the Deputy Commissioner refused in 1890 to cancel the order issued by his predecessor in 1887. *Decision.*—The parties admitted that both of them are equally entitled to the office, and that one has not got better rights than the other This being so, and as the order issued in 1887 was based on the incorrect representation of the Amildar that Respondent alone was doing duties of the office from 1879-80, the Government directed the present Deputy Commissioner to personally examine all the 4 hakdars of the office and nominate the most efficient of them.
23	3627--P. 36.	Do	Do do	Appeal No. 1641 of 1st October 1890. *Appellant.* *Vs.* *Respondent.* Huchegauda of Devanayakanhalli, Turvekere Sub-Taluk. — Kempa. Appellant's father Lingegauda, who was Patel, died in November 1880. In December 1889, the Deputy Commissioner appointed the Respondent, who is the son of the late elder

				brother of the Appellant, and ordered Appellant to do duties on behalf of the Respondent. Both the Appellant and Respondent are unlettered. Appellant claimed the office to himself on the ground that he is a nearer heir to the deceased. 2. *Decision.*—Held that Appellant, as the son of the deceased, is better entitled to hold the office than the minor Respondent, his brother's son. The law of primogeniture does not apply to the inheritance of the mirasi rights and there is no reason why a grandson should be appointed in preference to a son. The Deputy Commissioner's order was therefore cancelled and the Appellant appointed as Patel. On the death of the Appellant, however, the appointment may go to the Respondent instead of to the Appellant's son.
24	3628--P. 71.	24th	The Deputy Commissioner of the Mysore District.	Appeal No. 1291 of 20th August 1890. *Appellant.* *Vs.* *Respondent.* Timmegauda of Palahalli, Seringapatam Taluk. — Maya Gauda. Appellant is the Patel of the village. In 1875, Respondent's father claimed the office and was appointed as joint Patel, but the Chief Commissioner, on an appeal by the Appellant, cancelled the order of the Deputy Commissioner and directed the existing arrangement to continue till Survey and Settlement. On the introduction of Survey Settlement in 1890, Respondent renewed his late father's claim and the Deputy Commissioner appointed him as joint Patel on the ground that the revenue of the village has increased from Rs. 3,600 to Rs. 5,390 and that two Patels were required. Appellant appealed against this order. *Decision.*—Held that the appointment of two Patels for a single village is against the policy of Government. The order issued by the Deputy Commissioner was therefore cancelled. The Appellant will continue to be the sole Patel of the village. If the Respondent has any hak, he may assert it when a vacancy occurs.

25	3625--P. 61.	24th	The Deputy Commissioner of the Kolar District.	Appeal No. 720 of 9th July 1890. *Appellant.* *Vs.* *Respondents.* Girmajirama Rao of Kolar. — 1. Krishna Rao. 2. Subba Rao. 3. Guru Rao. Certain lands bearing an assessment of about Rs. 250 are held under a joint khate of the Appellant and Respondents. Of these lands, *5 fields, the assessment of which is Rs. 47½ are exclusively in the possession of the Appellant, and the produce of the rest is divided in 4 shares by the Appellant and Respondents. The parties fell into arrear amounting to Rs. 248—14—6, and 3 out of the 5 numbers held by the Appellant and 3 more numbers out of those in joint possession were attached and sold. There was no irregularity in the sale. *No. 255 ... 4·37 15 0 0 „ 249 ... 3·32 12 0 0 „ 267 ... 3·11 8 0 0 „ 244 ... 2·36 10 0 0 „ 252 ... ·37 2 8 0 47 8 0 Appellant complained that he had paid his fourth share of the total assessment and that his share should not therefore be attached. The Respondent contended that Appellant was bound to pay the whole assessment of the 5 numbers exclusively in his enjoyment, and also one-fourth of the assessment of the remainining fields which are jointly held, but that instead of doing so, he wanted the Respondents to pay three-fourths of the entire assessment including that on the lands exclusively held by him. The Appellant's reply was that Respondents possess lands elsewhere as a set off against the 5 numbers exclusively held by him in this village. *Decision.*—The Government cannot enter upon an adjudication of the claims of the parties. The sale cannot be cancelled, as the arrear was admitted and there was no irregularity in the sale. Appeal rejected.

				Petitioners objected to pay the assessment fixed by the Survey Department, and requested that they be allowed to pay the old rates. They quoted Sections 10 and 11 of the Inam rules and Section 25 of the Survey Act I of 1865 in support of their claim, but they did not refer to the point at issue. *Decision.*—Under Section 106 of the Land Revenue Code, it is competent for Government to order Survey and Settlement to be introduced into any village, whether alienated or unalienated, and under Sections 112 and 113 such settlement comes into force from the date the assessments are announced by the Deputy Commissioner. The request of the Petitioners cannot therefore be granted.
